INDIAN JOURNAL OF AGRICULTURAL ECONOMICS

INDIAN SOCIETY OF
AGRICULTURAL ECONOMICS,
BOMBAY

ANNOUNCEMENT

DOCUMENTATION OF ARTICLES RELATING TO AGRICULTURAL ECONOMICS: 1956-70

With a view to providing documentation service to research scholars and research institutions, the Indian Society of Agricultural Economics has undertaken a project for the documentation of important articles published in different periodicals relating to Agricultural Economics. This project is supported by the Indian Council of Social Science Research, New Delhi. The project involves the documentation of about 15,000 articles classified on the basis of the Dewey Decimal System covering the period 1956-70. The broad classification scheme is indicated below. These documented articles would be put on punch cards with details regarding titles of articles, names of the authors and the periodicals, and date of issue, etc. The sorting and printing of titles of articles will be done by the computer to make copies of the entire list or part of the list of documented articles in different topics available to the research workers and institutions. To institutions ordering the set (list of 10,000 articles) the cost will be approximately Rs. 500. This is conditional on our receiving in all a minimum of four orders. To scholars ordering any part of the list, the cost will be approximately one rupee for 10 titles. References can be made available in specific field and for a particular period. Research scholars and institutions who would like to avail of this facility may please write to the Hon. Secretary of the Society indicating their area of interest. Institutions interested in buying the whole set are requested to communicate their requirement immediately.

BROAD CLASSIFICATION SCHEME OF ARTICLES

301 *Rural Sociology*—Community Development, IADP, Tribal Agriculture.

330 *Economic Theory and Econometrics.*

331 *Labour Economics*—Employment, Unemployment, Labour Market, Wages, Labour Productivity, etc.

332 *Financial Economics*—Agricultural Credit, Capital Formation, Investment, Rural Indebtedness.

333 *Land Economics*—Forms of Organization, Land Tenure, Tenancy, Land Reforms, Land Use and Land Values, Structure of Land, Irrigation.

IN PLENTY

In times of plenty the grower need no longer be afraid of producing more and more...

★

Food Corporation provides him a ready market for his surplus...right through the year and at fair price too.

★

In times of scarcity the consumer need no longer be afraid of soaring prices and shortages...

IN SCARCITY

Food Corporation ensures steady supply at a reasonable price.

★

Planned procurement, storage, movement, distribution and building up a reserve of food-grains helps in the battle against hoarding and profiteering.

★

To serve the farmer and the consumer through these operations at all times is our business and privilege.

FOOD CORPORATION OF INDIA

INCREASED AGRICULTURAL PRODUCTION IS VITAL TO OUR NATIONAL ECONOMY AND OUR VERY EXISTENCE. LET US RISE TO THE OCCASION AND GEAR UP OUR ENTIRE MACHINERY TO MEET THE CHALLENGE

We Advance Loans for

LAND IMPROVEMENTS, OIL ENGINES, ELECTRIC MOTORS AND PUMP SETS, TRACTORS, DIGGING WELLS—IRRIGATION SCHEMES, ETC.

ASK CENTRAL— WHAT DIFFERENCE MONEY COULD MAKE TO YOUR FARMING

Talk to us at Central. We have network of branches throughout India. We know, from experience, what shape farming could take, with Central's ready finance. Irrigation facilities, electrification, mechanised farming, improved seeds, synthetic fertilisers. and many other blessings of modern farming have changed the rural scene. Central is committed to hasten the speed of this change.

Come to central, and you will be surprised to know of the many schemes of asssistance waiting for you. It is today a farmers' bank, as well!

Bank of Baroda

thinks you should have your own house

Why don't you join our Rural Savings Plan right away? It will take you closer to your dream of a house, of your daughter's marriage or of your son's education. You can start with as small a sum as Rs. 100.

Harvest time or bonus time is when you have money to spare and save. Bank of Baroda's Rural Savings Plan is a **unique** deposit scheme for half yearly or annual income. You put in a fixed sum every six months or once a year.... Rs. 100 or more. The shortest duration of this term is three years. At the end of this time, you get a big sum in your hands for the big things you've been planning.... for your daughter, your son.... or yourself.

Contact your nearest Bank of Baroda branch for further details.

Bank of Baroda

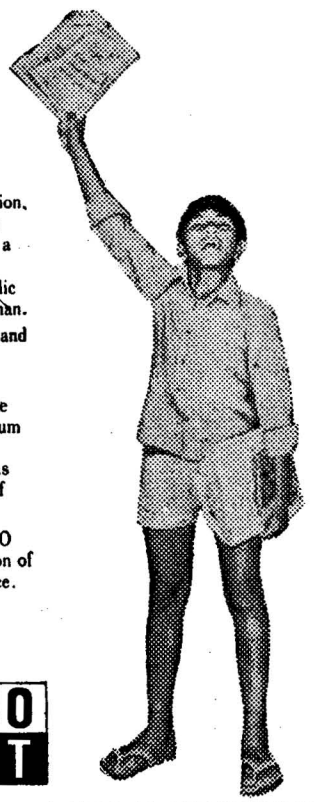
A network of over 600 branches serving almost every State in India. Also in U.K., East Africa, Mauritius, Fiji Islands and Guyana.

FLASH!

FEDO WINS

hands down

14-crore rupee, turn-key project for a 2 lakh-tonne triple superphosphate complex



Against stiff international competition, in a global tender, FEDO has been awarded the contract for setting up a triple superphosphate complex for Hindustan Copper Limited, a public sector enterprise, at Khetri, Rajasthan.

FEDO will design, engineer, erect and commission the plant.

A highlight of this contract is that FEDO will design and engineer the new plant, using the barest minimum of foreign exchange—indeed, the requirement has been reduced to as low a component as 15 per cent of the total cost.

The award of this contract to FEDO is significant. For it is a recognition of the advance made in self-reliance, in sophisticated technology and management.

The project includes the setting up of facilities for:

- 570 tonnes/day **SULPHURIC ACID** based on Chemiebau process
- 210 tonnes/day **PHOSPHORIC ACID** based on Prayon process
- 650 tonnes/day **TRIPLE SUPERPHOSPHATE** based on FEDO's own process

SHRIRAM UREA is a good habit to cultivate

Shriram Urea is the ideal, low cost, high potential nitrogenous fertiliser for sustained soil fertility. It contains the highest amount (46.4%) of nitrogen, can be used for all crops under all soil and weather conditions, and is best for foliar spray.

In fact, Shriram Urea means bumper crops, more profits and greater prosperity.

HIGHLIGHTS OF CANARA BANK'S AGRICULTURAL FINANCE

(As on 31-12-1970)

No. of borrowers under our Agricultural finance exceeds 1,09,000.

Average finance for individual farmer is below Rs. 1,500/-

The new scheme **"Agricultural Customs Service Centre"** is intended to locate rural entrepreneurs and at the same time to provide mechanised and sophisticated agricultural machinery to small farmers.

To guide and serve the smallest of farmers, we have nearly 100 Agricultural Extension Officers in the field.

YEAR BOOK OF LABOUR STATISTICS 1970

A unique reference work, now in its **30th Edition**, bringing together world-wide statistical data on labour and conditions of work in more than 180 countries and territories.

The new enlarged edition of the **Year Book** provides background information essential to a proper understanding of trends and developments in labour and related matters influencing all aspects of modern society. Its 49 tables of up-to-date statistics make it an indispensable source of reference and research in business and industry, universities, employers' and workers' organisations, and government.

An important new feature is a special table of total and economically active population by sex and age groups in the world over the period **1950-1980.**

For the first time since 1964 this edition also includes a table on industrial disputes by industry.

xxiv + 919 pages, trilingual (English, French and Spanish).

Price: { paper: 46Sw. frs.; $US 11.50.
cloth: 56Sw. frs.; $US 14.

Publications may be obtained through major booksellers, from ILO Publications, International Labour Office, CH-1211, Geneva 22, Switzerland or from ILO Area Office, 7 Sardar Patel Marg, New Delhi-11.

DIGGING FOR OIL?

Don't get
us wrong. We're not
in the drilling business.
But we're still digging for oil
—specially essential oils for perfumes
and flavours.

In fact, we have broken new ground in this field. We encourage and help farmers to take up extensive cultivation of oil-bearing plants ranging from Citronella to Cinnamon Leaf, Palma Rosa and Linaloe Berry. We provide them free technical advice on cultivation, extraction and quality control and, above all, a steadily increasing offtake by opening up new uses of oils seldom used before.

Today the light burns brighter in the supply picture. We hope our efforts to foster this branch of agriculture will reduce the need for imports. We might even be able to enhance exports of essential oils
—in terms of both value
and variety.

The Honorary Secretary

THE INDIAN SOCIETY OF AGRICULTURAL ECONOMICS

46-48, Esplanade Mansions, Mahatma Gandhi Road
Bombay 1.

GUIDELINES FOR SUBMISSION OF PAPERS BY AUTHORS

1. Subjects: The objective of the *Journal* is to provide a forum for dissemination and exchange of findings of research on agricultural economics. Purely descriptive material is not appropriate for such a journal. Papers dealing with *(i)* new developments in research and methods of analysis, or *(ii)* which apply existing empirical research methods and techniques to new problems or situations, or *(iii)* which attempt to test new hypotheses/ theoretical formulations or modifications of existing theories or policies to explain economic phenomena especially in the Indian context, or *(iv)* papers based on research done by the authors bringing out new facts or data presented in an analytical frame will be preferred. Younger economists are advised to seek guidance from their seniors in the preparation of the paper for the *Journal.* A one-page statement indicating the author's own assessment of the importance and relevance of the findings reported in his paper in the context of recent researches would be welcome.

2. Size of Paper : In view of the exorbitant increase in the cost of printing, it has become necessary to restrict the length of the papers accepted for publication to 20 (double space) typed pages (of the size 8½-by-11 inches) including tables and appendices (with margins on all sides of at least 1½ inches). Papers exceeding this size limit will be returned to the authors. The authors may however send along with their papers such "supporting material" as may be of help to the referees in evaluating them. Abstracts not exceeding 100 words should be submitted in duplicate along with the paper.

3. Copies : Two copies of each paper should be submitted along with a processing fee of Rs. 15/- either by M.O. or crossed I.P.O. ($ 4.00 or £ 2.50) drawn in the name of the Indian Society of Agricultural Economics, to meet partly the postage and other incidental charges.

4. Author's identification : To protect the anonymity of authors while referring the Papers for expert opinion on their merits, authors are advised to avoid disclosing their identity in the text and to attach a separate page showing the name(s) and affiliation(s) of the author(s) along with any footnotes containing bibliographical information or acknowledgements.

5. Mathematical notations : Only essential mathematical notations may be used; it is prohibitively costly to typeset such notations. All statistical formulae should be neatly typed.

6. Figures-Charts and Tables : Professional assistance should be availed of while presenting figures and charts. They should be drawn in black ink which can be easily reproduced by photographic process. Typescript is not suitable for reproduction. Roman numerals may be used for tables.

7. Footnotes : Footnotes should be numbered consecutively in plain arabic superscripts.

8. References and citations : Only cited works should be included in the reference list. Please follow the style of citations as in previous issues of this *Journal.*

9. General : While sending papers the authors should state that the material has not been published elsewhere or is not being published or being considered for publication elsewhere.

10. Reprints : Ten free reprints of the paper would be given to the author; additional reprints, if required, are supplied at cost which may be ascertained from the Editor.

Printer : Shri G.R. Shetty; Type-setting on Postscript laser printer at Indian School of Political Economy, Arthabodh, Pune - 411 016; Place of printing : Mudra, 383 Narayan Peth, Pune - 411 030; *Publisher :* Shri G.R.Shetty; Place of Publication and Owners : The Indian Society of Agricultural Economics, 46-48, Esplanade Mansions, Mahatma Gandhi Road, Fort, Bombay-400 001.
