3. The 2013 JAAE Outstanding Journal Article Award

The 2013 award covers articles in the November 2012, February 2013, and May 2013 issues. The selection process involved rankings by the Editorial Council. In the first stage, five or six Council members were randomly assigned to each volume with instructions to select the best three articles. These responses were then collated to identify the top four picks. In the second stage, all 16 Council members were asked to rank their first, second, third, and fourth choices from the top four picks. We then used a rank-ordered analysis to choose the winning article. Based on this process, the winner is:

4. Editorial Team

In June 2013, Krishna Paudel and Andrew McKenzie took over the role of Editors from Mary Marchant and Darrel Bosch. All four editors met in Blacksburg in June to ensure a seamless editorial transition. As new editors, we are very thankful to Mary and Darrell for their guidance and their contributions to JAAE. We are also thankful to the Southern Agricultural Economics Association for giving us this opportunity to serve the profession, the
Editorial Council members for their expert advice, and the reviewers for timely review of the manuscripts and giving their valuable time for the advancement of the agricultural economics field.

Although we took over the editorship of the Journal in June 2013, Marchant and Bosch were responsible for August 2013, November 2013, and February 2014 issues. Marchant and Bosch will share responsibilities with Paudel and McKenzie for the May 2014 issue. Paudel and McKenzie will be solely responsible for all issues further beyond May 2014. Henry Kinnucan took over the role of Associate Editor from Michael Wetzstein in 2013. Wetzstein oversaw the August 2013 Proceedings issue and Kinnucan will take responsibility for the August 2014 Proceedings issue. The Proceedings issue will be published online only.

We are embarking on a very exciting phase of the Journal. As the Journal gets published through a well-respected publisher starting 2015, we hope the Journal will be successfully listed in ISI in the near future.

5. Sheridan Press

The Vol. 41, April 2009 issue was the first to be published by the Sheridan Press. The contract with Sheridan Press has been extended to cover 2012–2014 (Issues 44–46). Thanks are extended to Lisa Small, Cindy Fullerton, and Sheridan Press for their services. The team of copyeditors, proofers, and production managers are very efficient in dealing with galley proofs and handling of the publication. Thanks to the team for publishing all 2013 issues on time.

Sheridan Press provides the editors with PDF versions of the articles published in the issues. Starting in 2010, the SAEA and Sheridan Press have published four issues in each volume: February, May, August (Proceedings Issue), and November. Editors place the volume and each issue on the AgEcon Search web site.

6. Reviewers

Two hundred seven reviewers provided reviews to the Journal in 2013. They were selected on the basis of their expertise in the subject matter, but also their willingness to provide constructive comment in a timely fashion. Their names are listed in the appendix to this report.

Respectfully submitted,

Krishna Paudel and Andrew McKenzie
