Enhancement of the economic mechanism of regulation of the food market

Diliana Alimzhanova
Ministry of Economy of the Kyrgyz Republic

Samarkand, 2 November 2016

Causes

The decline in
the production
of socially
important food
products

The growth of
the domestic
food market
on imports

Underdevelopme
nt of the food
market and the
imperfection of
the mechanism
of state
regulation

Stages of development

Stage 1 – unsaturated agro-food market

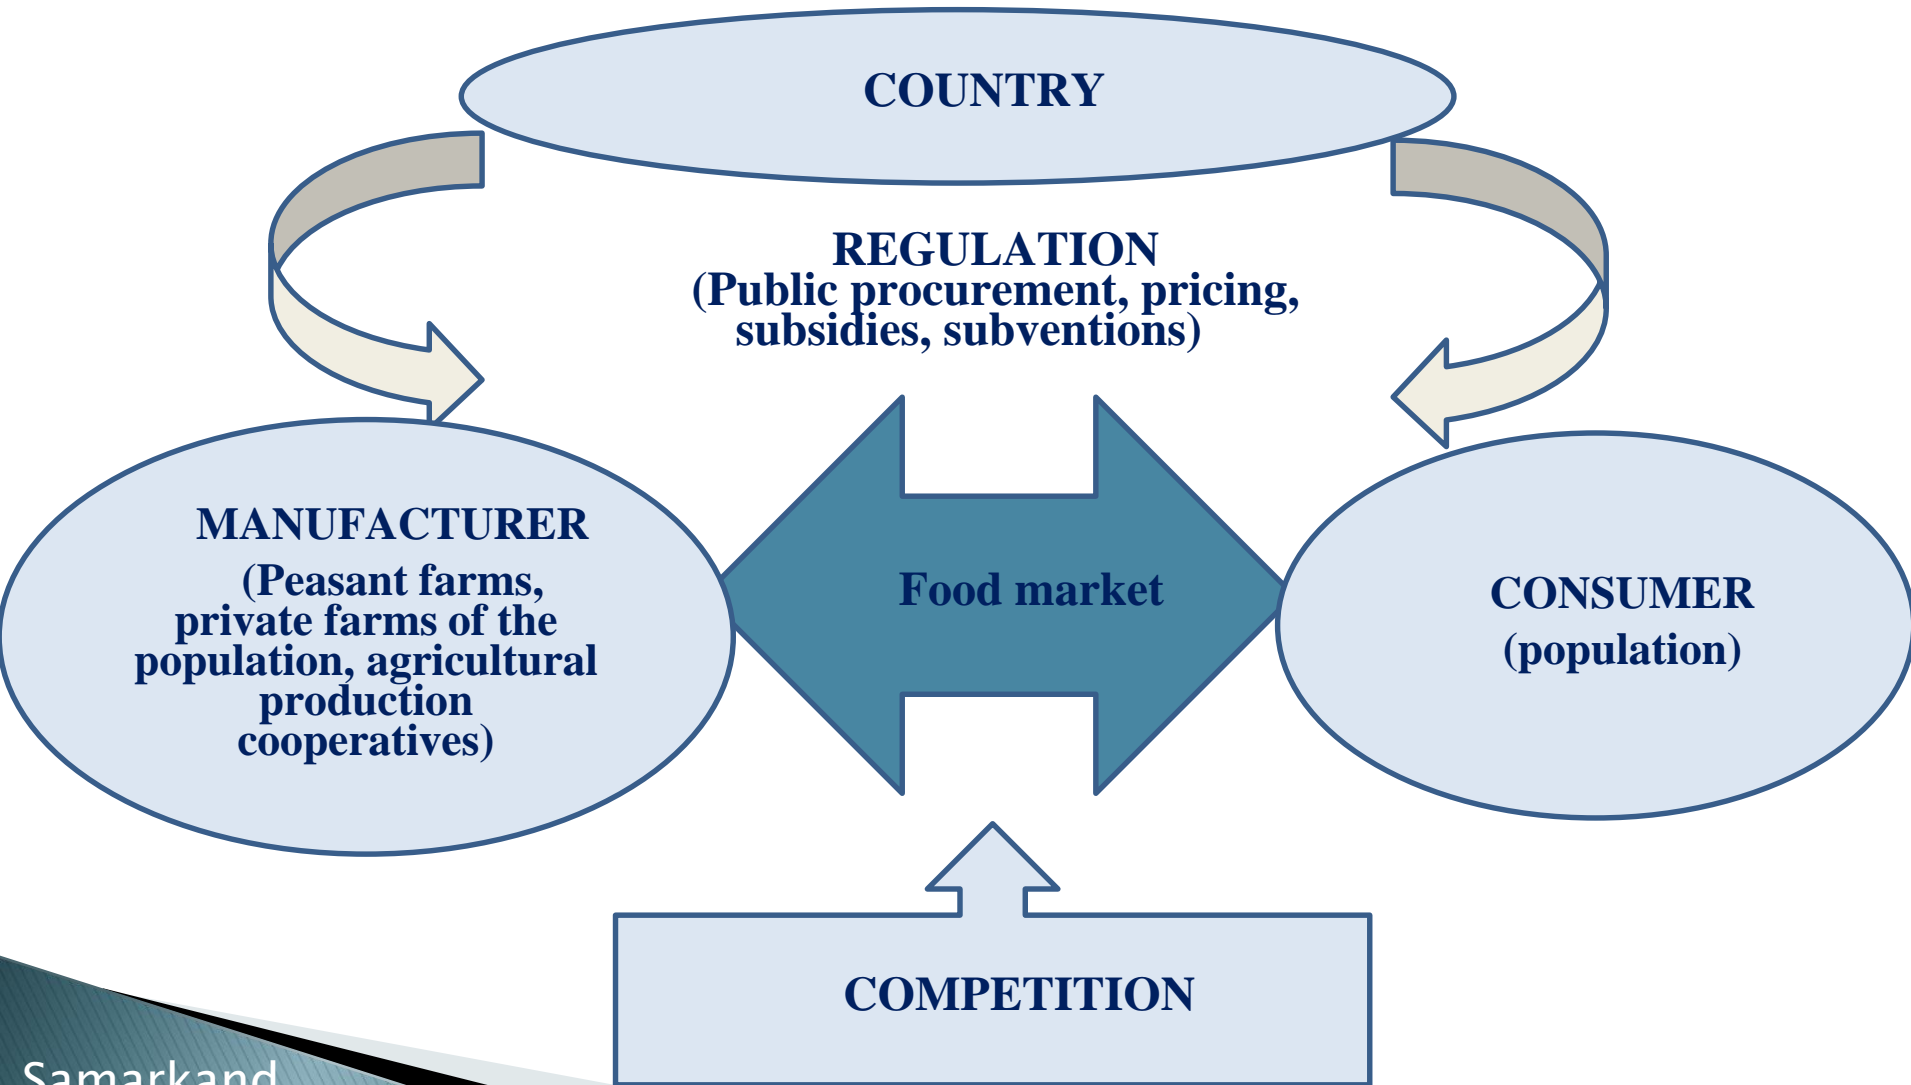

Stage 2 – incomplete saturation of the food market (XIX–XX)

Stage 3 – the surplus of unsold goods

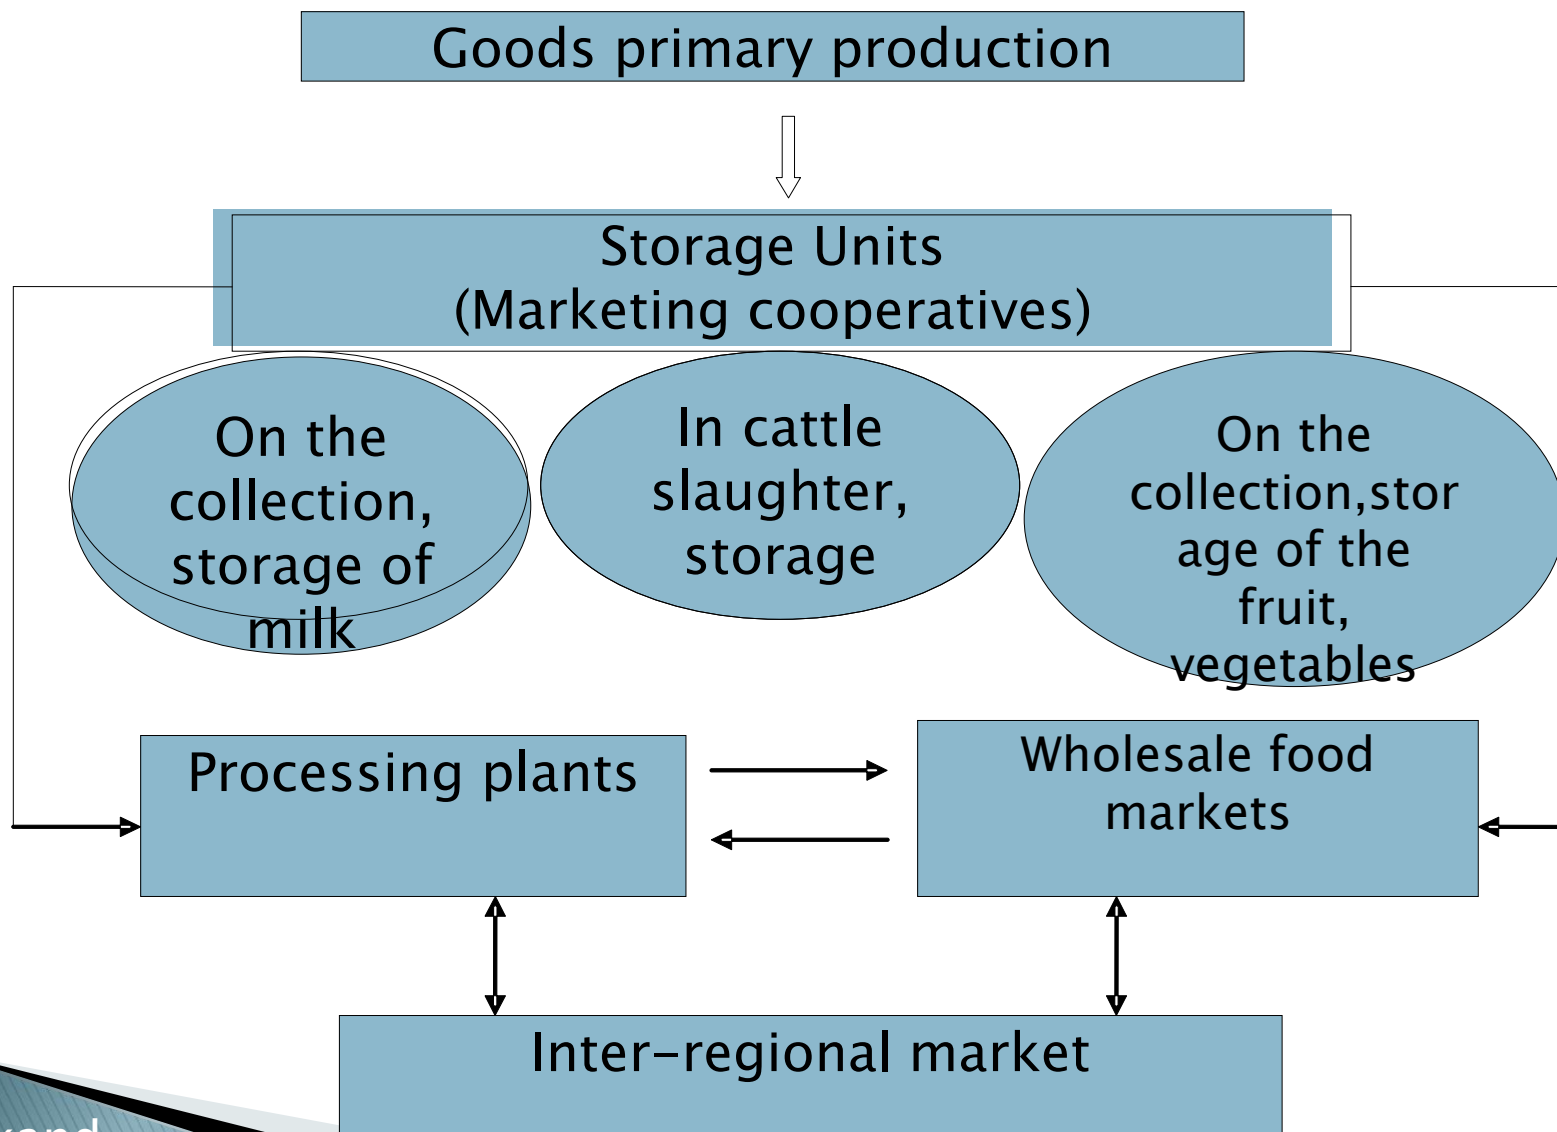

Regulation

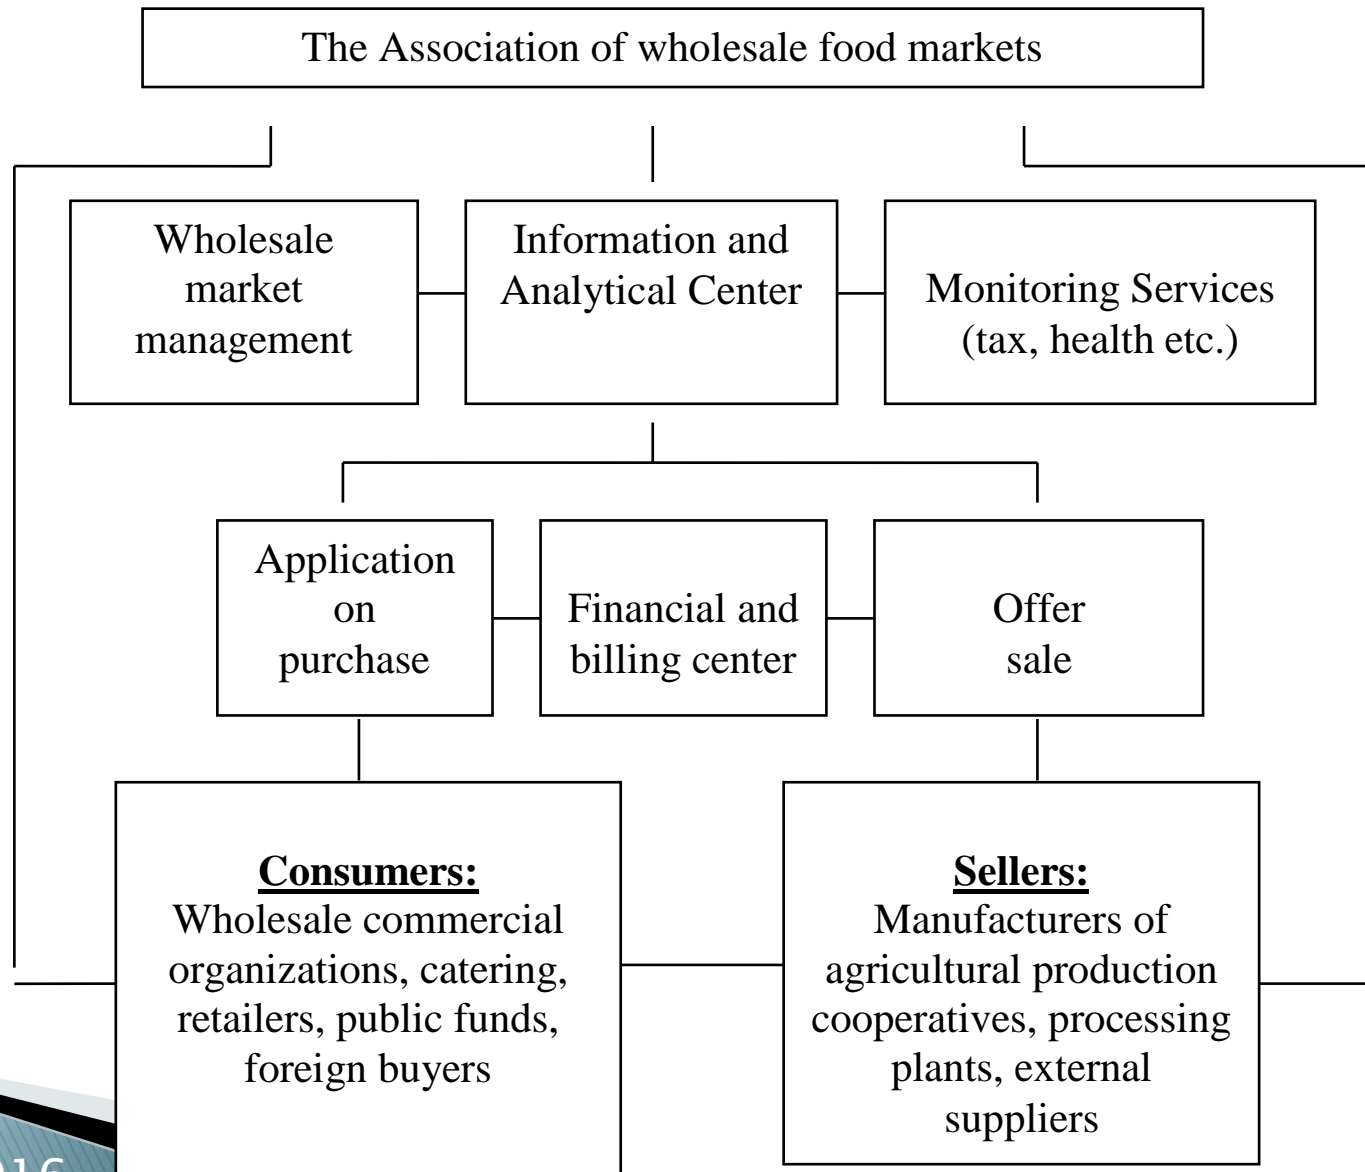

The actual implementation of the scheme of value added

Driving movement of food products

Driving wholesale food markets

Promoting competitive food products to foreign markets

- ▶ modernization of the food market in the interests of domestic producers, the formation of a national network of production and marketing cooperatives;
- ▶ organization of municipal wholesale food markets of national and regional importance, as well as to continue building in the border regions of the Republic shopping malls, wholesale and procurement markets;
- ▶ development of technical regulations, in accordance with international standards, guidelines, rules and regulations, as well as the adoption of national technical regulations developed under the EAEC and CIS;
- ▶ creation of information and marketing center and the center of e-commerce with the trade missions of the Kyrgyz Republic abroad;

Promoting competitive food products to foreign markets

- ▶ maximum use of non-tariff measures, which do not contradict WTO rules to reduce the import of food products to the republic;
- ▶ activation of bar coding system implementation (operating in virtually all foreign countries) will certainly contribute to the promotion of Kyrgyz goods in foreign markets will have an impact on improving the quality of products, will provide control over the promotion of imported goods on the domestic market;
- ▶ improving advertising Kyrgyz export of goods, which is an integral part of export promotion policies.
