Project Description

Duration: 3 years
Dec. 2013- Nov. 2016

Budget: 836.284 Euro

Target Groups:

- University staff
- Students
- Agricultural sector itself

Wider objectives

Promoting relevance and quality of agricultural higher education in Uzbekistan by

- i) reacting to the changed need of the labour market after transition,
- ii) becoming adaptive to globally changing conditions and the necessity of sustainable development, and
- iii) delivering ecologically and economically sustainable agrarian management studies at farm, sector and political level.

As a consequence contribution to improvement of rural welfare in Uzbekistan.

Specific Project Objectives

A modernised and Bologna aligned three level higher education system in the area of farm management and agricultural economics through

- i) adjusted and newly developed curricula on BA and MA level and a newly created PhD school,
- ii) improved teaching competences and materials,
- iii) enhanced university-business cooperation, and
- iv) implemented quality assurance policies and procedures according to European Quality Standards at all Uzbek Agricultural Universities by the end of the project.
