Irregular Serial Publications and Theses in Australian Agricultural Economics

This is the second annual listing of irregular serial publications relating to Australian agricultural economics (the first listing was in the December 1986 issue, Volume 54, Number 3). In the present listing are also included titles of theses (including better quality undergraduate theses) covering the same subject matter as irregular serial publications; this first thesis listing is for the period 1980–86. The listing is intended to report the titles of material of general interest to Australian, and perhaps overseas, agricultural economists that may not enter conventional databases. The irregular serial publications of the Bureau of Agricultural Economics have not been listed as the Bureau publishes its own list in its *Quarterly Review of the Rural Economy* (contact: Director, Bureau of Agricultural Economics, G.P.O. Box 1563, Canberra, A.C.T. 2601). Requests for institutions to have their irregular serial publications and/or theses titles included in this annual list should be directed to the Editors of this *Review*. Requests for publications from the list below should be directed to the contact address on the beginning of each individual listing.

Contributing institutions in the present listing are, in order of listing (newly-listed institutions denominated by period of current listing; updated listings marked *):

N.S.W. Department of Agriculture (*)
 Victorian Department of Agriculture and Rural Affairs (*)
 Queensland Department of Primary Industries
 Western Australian Department of Agriculture (*)
 Northern Territory Department of Primary Production (*)
 Industries Assistance Commission (1980–87)
 Australian Centre for International Agricultural Research (1984–87)
 Australian Meat and Live-stock Corporation (*)
 Australian Wheat Board (*)
 Australian Wool Corporation (1980–87)
 Australian National University, National Centre for Development Studies (*)
 Australian National University, Centre for Economic Policy Research (*)
 University of Sydney, Department of Agricultural Economics (*)

University of N.S.W., School of Fibre Science and Technology (1983–87)
 Macquarie University, School of Economic and Financial Studies (1980–87)
 University of Newcastle, Department of Economics (*)
 University of New England, Department of Econometrics (*)
 University of New England, Department of Agricultural Economics and Business Management (*)
 University of Melbourne, School of Agriculture and Forestry (*)
 University of Melbourne, Impact Project (1980–87)
 University of Melbourne, Institute of Applied Economic and Social Research (1985–87)
 University of Melbourne, Faculty of Economics and Commerce (*)
 La Trobe University, Department of Economics (*)
 La Trobe University, School of Agriculture (*)
 Monash University, Department of Economics (*)
 Monash University, Centre of Policy Studies (1981–87)
 University of Queensland, Department of Agriculture (*)
 Queensland Agricultural College (1983–87)
 University of Western Australia, School of Agriculture (*)
 University of Tasmania, Department of Economics (*)

The Editors are grateful to those colleagues who have generously provided the information on which this listing is based.

N.S.W. Department of Agriculture Agricultural Economics Bulletin

Editors,
 Agricultural Economics Bulletin,
 Division of Marketing and Economic Services,
 N.S.W. Department of Agriculture,
 P.O. Box K220,
 Haymarket, N.S.W. 2000.

J. P. BRENNAN, (1986), Impact of wheat varieties from CIMMYT on Australian wheat production, No. 5.

Miscellaneous Bulletin

Editors,
Miscellaneous Bulletin,
Division of Marketing and Economic Services,
N.S.W. Department of Agriculture,
P.O. Box K220,
Haymarket, N.S.W. 2000.
