## **ARER GUIDELINES FOR MANUSCRIPT SUBMISSION**

### **SUBMISSION**

*Electronic submission is preferred.* Please send to ARER@arec.umd.edu. The manuscript should be sent as an attachment using Microsoft Word software. Guidelines for manuscript submission are available at ARER's website, at <http://www.narea.org/journal.htm>. Alternatively, send the manuscript as a PDF file, first removing the cover page and all other material identifying the author(s), or send a hard copy original and three copies of the manuscript to:

Dr. Lori Lynch and Dr. Wesley N. Musser, ARER Co-Editors  
Department of Agricultural and Resource Economics  
2200 Symons Hall  
University of Maryland  
College Park, MD 20742-5535 USA

### **COVER LETTER**

The cover letter should indicate that the material has not been offered for publication or published in a similar form elsewhere, and that so far as the author(s) knows, does not infringe upon other published material protected by copyright.

### **TITLE PAGE and ABSTRACT**

On the first page, list the title of the paper, the author(s), their title(s), department(s), institution(s), and complete address of corresponding author. On the next page, provide the title of the paper, an abstract not to exceed 100 words, and up to eight key words or short phrases (in alphabetical order) describing the content of the manuscript. The author(s)' identification should not be repeated on the abstract page or on other pages of the manuscript.

### **TEXT PREPARATION**

The manuscript should be typed on 8½" × 11" paper, and all material, including references and footnotes, should be double-spaced with margins of at least 1". Use 12-point Times New Roman. Use Microsoft Word's footnote feature to number footnotes consecutively throughout the manuscript, using superscript numbers.

### **STYLE**

Refer to the most recent copy of the *ARER* for basic style and format.

### **TABLES and FIGURES/GRAPHICS**

Each table should be placed on a separate page. Use the table feature of Microsoft Word rather than creating tables with tabs. Table titles should be short and descriptive. Do not use color in figures and graphs, as it will not be reproduced in the printed copy. Do not include figure captions in the graphic itself. After a manuscript has been accepted, the corresponding author will consult with the technical editor in preparing an acceptable electronic version of the figure or graphic.

### **PERMISSIONS**

Authors are responsible for obtaining the necessary permissions to quote or reproduce material, including figures, from already published works and/or any copyrighted material. Please supply an appropriate line of credit where necessary.

### **MATHEMATICAL NOTATION**

Use only essential mathematical notation. Avoid using the same character for both superscripts and subscripts, using capital letters as superscripts and subscripts, and using overbars, tildes, carets, and other modifications of standard type. Use Microsoft Word's character formatting for bold (vectors and matrices), italics (variables), and superscript and subscript styles. Do not italicize Greek letters.

### **REFERENCES**

List references alphabetically and unnumbered at the end of the manuscript with the heading "References." List only those actually cited. Cite references in the text by the name(s) of the author(s) and the year of publication, using 1999a and 1999b, for example, if there is more than one source by the same author(s) in a given year. A style sheet on references and citations is available from the editor. Provide volume *and* issue number for journal articles.

### **PAGE CHARGE**

A page charge of \$75 per printed journal page is billed to the corresponding author's department, agency, or institution after the article is accepted for publication.
