30th ANNUAL CONFERENCE

AUSTRALIAN AGRICULTURAL ECONOMICS SOCIETY CANBERRA, 3-5 FEBRUARY 1986

Presidential address

Richardson, R. A. (Australian Wool Corporation), 'Priorities for research in agricultural marketing'.

Invited papers

Anderson, K. (University of Adelaide), Tyers, R. (Australian National University), 'China's economic growth and market liberalisation: implications for agricultural trade'.

Barlow, C. (Australian National University), 'Structural change in Malaysia, Indonesia and Thailand: its impact on rubber'.

Barrett, P. (Department of Trade), 'The government wool initiative between China and Australia'.

Chalfant, J. A., Love, H. A., Rausser, G. C. and Stamoulis, K. G. (University of California), 'The effects of monetary policy on US agriculture'.

Hogan, L. I., Kirby, M. G., Minnis, P. W. and Urban, P. J. (Bureau of Agricultural Economics), 'Some implications of the taxation of nominal interest for the exchange rate and real interest rates'.

Kerr, R. (New Zealand Treasury), 'Ideas, interests and experience: some implications for policy advice'.

Miller, G. (Economic Planning Advisory Council), 'Industry policy and the rural sector'.

Stoeckel, A. (Bureau of Agricultural Economics), 'Social and trade costs of the CAP'.

Thompson, R. (United States Department of Agriculture), 'Impact of US domestic agricultural and trade policies'.

Contributed papers

Alston, J. M. (Victorian Department of Agriculture) and Freebairn, J. W. (University of Melbourne), 'Producer price equalization'.

Antony, G. (University of New England), 'Ex-ante evaluation of agricultural research in developing countries: preamble to a study of Papua New Guinea'.

Bardsley, P. and Harris, M. (Bureau of Agricultural Economics), 'Econometric estimation of risk aversion: some preliminary results'.

Bartley, S. (Bureau of Agricultural Economics), 'Meat consumption in an ageing population: cause for concern?'.

Beare, S. C. (Bureau of Agricultural Economics), 'A model of Australian Wool Corporation stock operations: estimating objective-constraint regimes'.

Beck, A. C., Johnston, B. G. and Fraser, L. (Bureau of Agricultural Economics), 'Modelling the effects of rural research'.

- Blyth, N. (Australian Meat and Live-stock Corporation), 'Frontiers in agricultural economics research: the neglected consumer'.
- Bowman, R. and Powell, R. (University of New England), 'The farm financial crisis and some options for financing agriculture'.
- Brennan, J. P. (NSW Department of Agriculture), 'Modelling wheat breeding programs'.
- Carrington, R. and Chandra, S. (Bureau of Agricultural Economics), 'A bioeconomic model of the Tasmanian rock lobster fishery'.
- Coelli, T. J. and Battese, G. E. (University of New England), 'A frontier production function for panel data: with application to the Australian dairy industry'.
- Collins, D. and Menz, K. (Bureau of Agricultural Economics), 'An economic perspective on the population management of commercially harvested kangaroos'.
- Collins, D. and Menz, K. (Bureau of Agricultural Economics), 'Economics of the east coast prawn fishery: a perspective for management'.
- Cramb, R. A. (Monash University), 'The evolution of land tenure in a Malaysian village economy'.
- Crellin, I. R. (Department of Primary Industry), 'Policy economist: peak professional or non-professional?'.
- Culpitt, R. A. (Queensland Department of Primary Industries), 'Irradiation of foodstuffs: an economic perspective'.
- Delforce J. C. and Hardaker, J. B. (University of New England), 'Modelling the smallholder farming sector in Tonga'.
- Dewbre, J., Thomson, M. (Bureau of Agricultural Economics) and Richardson, R. (Australian Wool Corporation), 'Responses to wool promotion in the United States: some preliminary results'.
- Dewbre, J. Vlastuin, C. and Ridley, H. (Bureau of Agricultural Economics), 'An analysis of the demand for apparel and apparel fibre including wool'.
- Douglas, C. D. and Hardaker, J. B. (University of New England), 'Farm-level modelling for the evaluation of rural credit policies in Jamaica'.
- Dudley, N. (University of New South Wales) and Musgrave W. (University of New England), 'Property rights and capacity sharing of surface water reservoirs'.
- Ekanayake, R. (University of New England), 'Economics of multiple use of production forests: the need and use of fuelwood in a peasant community of Sri Lanka'.
- Ekanayake, S. A. B. (Australian National University), 'Inter-farm variation in productive efficiency in the pilot phase of Mahaweli project in Sri Lanka'.
- Fleming, E. M. and Fearn, M. J. (University of New England), 'A simultaneous equations model of domestic marketing of root crops in Tonga'.
- Gibbs, M. (University of Adelaide) and Lindner, R. (University of Western Australia), 'The discovery of innovations by farmers'.
- Godden, D. (NSW Department of Agriculture), 'Analysing technological change embodied in British cereal varieties since 1940'.
- Giffiths, W. E. (University of New England), 'A Bayesian framework for

- optimal input allocation with an uncertain stochastic production function'.
- Gunawardana, P. J. and Quilkey, J. J. (La Trobe University), 'Shifts in short-run demand and supply curves and their implications for *ex-post* evaluation of agricultural pricing policies'.
- Higuchi, Y. (Australian National University), 'Relative income, risk aversion and crop adoption: evidence from an Indonesian village'.
- Hill, D. J. (Bureau of Agricultural Economics), 'The economic role for government in computer aided livestock marketing systems'.
- Hill, D. J., Hogan, J. C., Dunstan, R. and Tsoutsouvas, M. (Bureau of Agricultural Economics), 'A comparison of costs and returns from alternative methods of marketing cattle in Western Australia'.
- Johnston, J. and Price, D. (NSW Department of Agriculture), 'An economic threshold concept in pest management, decision theory and stored grain insects'.
- Jolly, L. O. and Wong, G. (Bureau of Agricultural Economics), 'Composite forecasting: some empirical results using BAE short-term forecasts'.
- Kaine-Jones, G., MacAulay, T. G and Patten, L. (University of New England), 'A disaggregated model of supply response in the sheep industry'.
- King, D. A. and Sinden, J. A. (University of New England), 'Influence of land condition and soil conservation on land values in Manilla shire, New South Wales'.
