Journal of Production Agriculture

Published by the

American Society of Agronomy

Crop Science Society of America

Soil Science Society of America

Journal of Production Agriculture offers you the latest production-oriented information from a variety of agricultural fields. Some of the areas which the journal will report on include agronomy, range management, crop science, soil science, economics, forages, pastures, animal science, weed science, entomology, plant pathology, horticulture and forestry.

Journal of Production Agriculture is published four times per year by the American Society of Agronomy, Crop Science Society of America, and Soil Science Society of America in cooperation with the Society for Range Management, American Agricultural Economics Association, American Forage and Grassland Council, American Society of Animal Science, and Weed Science Society of America.

Suggestions to Contributors for Submitting Manuscripts to *The Journal of Agricultural Economics Research*

1. **SOURCE.** Indicate how the material submitted is related to the economic research program of the U S Department of Agriculture and its cooperating agencies. State your own connection with the program.
2. **CLEARANCE.** Obtain any approval required in your own agency or institution before sending your manuscript to one of the editors of *The Journal of Agricultural Economics Research*. Attach a copy of such approval to the manuscript.
3. **ORIGINALITY OF MATERIAL.** It is our policy to print original material. We consider alternative treatments of material published elsewhere, but such treatments need to differ substantially from the original approach. When submitting your manuscript, identify related material either published or submitted for publication.
4. **ABSTRACT.** Include an abstract and at least three keywords when you submit your article. The abstract should not exceed 100 words. It should report the major findings of your research.
5. **NUMBER OF COPIES.** Submit three good copies.
6. **TYPING.** Double space everything, including abstract, footnotes, and references.
7. **FOOTNOTES.** Number consecutively throughout the article.
8. **REFERENCES.** Check all references carefully for accuracy and completeness. Cite references in the text by using underscored numbers in parentheses that correspond to items in the reference section at the end of your article.
9. **CHARTS AND OTHER ARTWORK.** Use charts sparingly. Keep design as simple as possible. Submit all artwork in draft rather than in final form, accompanied by neatly prepared pages with essential data for replotting.
