---

*Contributors are on the staff of the Bureau of Agricultural Economics unless otherwise stated*

**SIDNEY J. ARMORE** had statistical and economic experience in the Federal Home Loan Bank Administration, National Housing Agency, and the Statistical Control Division of the Army Air Forces before coming to work under the Research and Marketing Act. **EDGAR L. BURTIS** is the head of the BAE fats and oils unit which regularly analyzes the current situation and outlook for fats and oils.

**CARY D. PALMER** and **E. O. SCHLOTZHAUER** are on the Washington staff of Agricultural Estimates. Before coming to Washington, Mr. Palmer worked in field offices in New England, New York, Indiana, Iowa, and Kansas. Mr. Schlotzhauer was in the Arizona and Texas field offices.

**NORMAN NYBROTEN**, on the staff of the Agricultural Economics Department of West Virginia University, has had broad research and teaching experience in his field. He is giving attention to marketing, including participation in the Northeast Regional Poultry Project and cooperation with BAE in a study of consumer buying behavior. (RMA funds are involved.)

**SAMUEL L. CROCKETT** was in BAE when this article was written. Here he worked in land economics and in agricultural finance. He is now in PMA.

**CLARENCE M. PURVES**, now assistant chief of the Regional Investigations Branch of OFAR, was an agricultural economist in BAE for many years.

**FREDERICK V. WAUGH**, well-known economist, in BAE for many years, has been on the staff of the Council of Economic Advisers to the President since its formation.

**EVERETT E. EDWARDS**, agricultural historian, together with his collected and indexed historical material, is consulted by students of the subject from all parts of the country.

**RICHARD K. SMITH** has been agricultural statistician and technical consultant for Agricultural Estimates since 1946. Earlier he headed the work on field-crop statistics.
