## **Suggestions for Submitting Manuscripts for Agricultural Economics Research**

Each contributor can expedite reviewing and printing his manuscript by doing these things:

1. **SOURCE.** Indicate in a memorandum how the material submitted is related to the economic research program of the U.S. Department of Agriculture and its cooperating agencies. State your own connection with the program.
2. **CLEARANCE.** Obtain any approval required in your own agency before sending your manuscript to one of the editors or assistant editors of Agricultural Economics Research.
3. **NUMBER OF COPIES.** Submit one original and two carbon copies of the manuscript for review. Clear mimeograph or ditto copies are acceptable.
4. **TYPING.** Double space everything, including footnotes.
5. **MARGINS.** Leave generous margins on four sides.
6. **FOOTNOTES.** Number consecutively throughout the paper.
7. **REFERENCES.** If you cite more than six references, list them in a Literature Cited section at the end of your paper.
8. **CHARTS.** Use charts sparingly for best effect. Include with each chart a page giving essential data for replotting.
9. **FINAL TYPING.** Manuscripts accepted for publication will be edited for AER style and returned to author with instructions for final typing in special AER format.
