Suggestions for Submitting Manuscripts for *Agricultural Economics Research*

Contributors can expedite reviewing and printing of their articles by doing these things:

1. **SOURCE** Indicate in a memorandum how the material submitted is related to the economic research program of the U.S. Department of Agriculture and its cooperating agencies. State your own connection with the program.
2. **CLEARANCE** Obtain any approval required in your own agency or institution before sending your manuscript to one of the editors of *Agricultural Economics Research*. Attach a copy of such approval to the manuscript.
3. **ORIGINALITY OF MATERIAL** It is our policy to print original material. We consider alternative treatments of material published elsewhere, but such treatments need to differ substantially from the original approach. When submitting your manuscript, identify, if applicable, related material either published or submitted for publication.
4. **ABSTRACT** Include an abstract and at least three keywords when you submit your article. The abstract should not exceed 100 words. It should report the major findings of your research.
5. **NUMBER OF COPIES** Submit three good copies.
6. **TYPING** Double space everything, including abstract, footnotes, and references.
7. **FOOTNOTES** Number consecutively throughout the article.
8. **REFERENCES** Check all references carefully for accuracy and completeness.
9. **CHARTS AND OTHER ARTWORK** Use charts sparingly. Keep design as simple as possible. Submit all artwork in draft rather than in final form, accompanied by neatly prepared pages with essential data for replotting.

1982 Handbook of Agricultural Charts

The *1982 Handbook of Agricultural Charts*, now available for sale from the Government Printing Office, contains 291 charts depicting all significant aspects of agriculture. These charts illustrate data and complex trends for agricultural subjects ranging from farm income to consumer costs, and from commodities to energy production and use. Charts showing trade data, cost of production figures, farmland numbers, and population trends round out the agricultural picture presented in this handbook.

Copies of the *1982 Handbook of Agricultural Charts*, AH 609, are now available for sale from the Government Printing Office. Ask for GPO stock no. 001-000 04305-6. The cost is \$5.50 per copy. Make your check or money order payable to Superintendent of Documents and mail to Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

Microfiche copies of the handbook are available from the National Technical Information Service at \$4 per copy. Send your check or money order (payable to NTIS) to the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161. Ask for PB83 113787. Prices subject to change.
