

## Index of *JEL* Classification Codes Volumes 12–30, 1980–1998

*Notes:* Volumes 1–24 were published as the *Southern Journal of Agricultural Economics*. The *JEL* coding classification system was adopted beginning with Volume 12 (July 1980). The reader is advised that the *JEL* initially used a strict numerical coding system, applicable to Volumes 12–22 (July 1980–December 1990). Commencing with Volume 23 (July 1991), the *JEL* coding system was revised to include a combination of alphabetical letters and numbers.
