Contents of *Agricultural Economics*, Vol. 29

VOL. 29 NO. 1

JULY 2003

Measuring the impacts of agricultural research on poverty reduction J. Alwang (Blacksburg, VA, USA) and P.B. Siegel (Washington, DC, USA)	1
Price dynamics in the Bangladesh rice market: implications for public intervention D. Brennan (North Perth, Australia)	15
Market structure and the demand for veterinary services in India V. Ahuja (Ahmedabad, India), D. Umali-Deininger and C. de Haan (Washington, DC, USA)	27
Productivity growth in Indian agriculture: is there evidence of convergence across states? A.N. Mukherjee (New Delhi, India) and Y. Kuroda (Ibaraki, Japan)	43
Biotechnology as an alternative to chemical pesticides: a case study of Bt cotton in China J. Huang, R. Hu (Beijing, China), C. Pray (Rutgers, USA), F. Qiao and S. Rozelle (Davis, CA, USA)	55
Investment in soil conservation in northern Ethiopia: the role of land tenure security and public programs B. Gebremedhin (Addis Ababa, Ethiopia) and S.M. Swinton (East Lansing, MI, USA)	69
Estimating the benefits of farm animal welfare legislation using the contingent valuation method R.M. Bennett and R.J.P. Blaney (Reading, UK)	85
Access to credit, plot size and cost inefficiency among smallholder tobacco cultivators in Malawi G. Hazarika (Brownsville, TX, USA) and J. Alwang (Blacksburg, VA, USA)	99
Book reviews	111
Guide for Authors	119

VOL. 29 NO. 2

OCTOBER 2003

Technological change and risk management: an application to the economics of corn production K. Kim and J.-P. Chavas (Madison, WI, USA)	125
Optimal generic advertising in an imperfectly competitive food industry with variable proportions H.W. Kinnucan (Auburn, USA)	143
Factors determining intercropping by rubber smallholders in Sri Lanka: a logit analysis P.H.M.U. Herath and H. Takeya (Nagoya, Japan)	159
Public infrastructure and productivity growth in Greek agriculture E.C. Mamatzakis (Athens, Greece)	169
Energy substitutability in transition agriculture: estimates and implications for Hungary B. Shankar (Reading, UK), J. Piesse (London, UK and Matieland, South Africa) and C. Thirtle (London, UK and Pretoria, South Africa)	181
Technology and efficiency in a panel of Italian dairy farms: an SGM restricted cost function approach P. Pierani and P.L. Rizzi (Sienna, Italy)	195
Evaluation of drought management in irrigated areas E. Iglesias, A. Garrido and A. Gómez-Ramos (Madrid, Spain)	211
Book reviews	231

Special Issue**Returns to investment in plant genetic resource conservation and crop improvement research**

Foreword	239
Part 1. Concepts and methods	
Estimating the benefits of plant breeding research: methodological issues and practical challenges M.L. Morris (Mexico, Mexico) and P.W. Heisey (Washington, DC, USA)	241
The economic impact of productivity maintenance research: breeding for leaf rust resistance in modern wheat C.N. Marasas (Pretoria, South Africa), M. Smale (Washington, DC, USA) and R.P. Singh (Mexico, Mexico)	253
Part 2. Economics of genetic resource conservation	
The economic costs and benefits of a participatory project to conserve maize landraces on farms in Oaxaca, Mexico M. Smale (Washington, DC, USA and Rome, Italy), M.R. Bellon (Mexico, Mexico), J.A. Aguirre (Guanajuato, Mexico), I. Manuel Rosas, J. Mendoza, A.M. Solano, R. Martínez, A. Ramírez and J. Berthaud (Mexico, Mexico)	265
The distribution of benefits from public international germplasm banks: the case of beans in Latin America N.L. Johnson, D. Pachico and O. Voysest (Cali, Colombia)	271
The economic costs of conserving genetic resources at the CGIAR centres B. Koo (Washington, DC, USA), P.G. Pardey (St. Paul, MN, USA) and B.D. Wright (Berkeley, CA, USA)	287
Part 3. Factors affecting the adoption of modern varieties	
Adoption of improved maize varieties in the hills of Nepal J.K. Ransom (Fargo, ND, USA), K. Paudyal (Kathmandu, Nepal) and K. Adhikari (Rampur, Nepal)	299
Variety characteristics and maize adoption in Honduras L.H. Hintze (Washington, DC, USA), M. Renkow (Raleigh, NC, USA) and G. Sain (San José, Costa Rica)	307
The roles of public sector versus private sector in R&D and technology generation: the case of maize in Asia R.V. Gerpacio (Manila, Philippines)	319
Part 4. Distributional impacts of plant breeding research	
Welfare effects of maize technologies in marginal and high potential regions of Kenya D.D. Karanja (Washington, DC, USA), M. Renkow (Raleigh, NC, USA) and E.W. Crawford (East Lansing, MI, USA)	331
The economic impact of bean disease resistance research in Honduras D.L. Mather, R. Bernsten (East Lansing, MI, USA), J.C. Rosas (Tegucigalpa, Honduras), A. Viana Ruano (Ciudad de Guatemala, Guatemala) and D. Escoto (Danli, Honduras)	343
Is research on marginal lands catching up? The case of unfavourable wheat growing environments M.A. Lantican (Mexico, Mexico), P.L. Pingali (Rome, Italy) and S. Rajaram (Mexico, Mexico)	353
Contents of <i>Agricultural Economics</i>, Vol. 29	363
