A Statutory College of the State University
Cornell University, Ithaca, New York 14853

It is the policy of Cornell University actively to support equality of educational and employment opportunity. No person shall be denied admission to any educational program or activity or be denied employment on the basis of any legally prohibited discrimination involving, but not limited to, such factors as race, color, creed, religion, national or ethnic origin, sex, age or handicap. The University is committed to the maintenance of affirmative action programs which will assure the continuation of such equality of opportunity.

LIST OF AVAILABLE
AGRICULTURAL ECONOMICS PUBLICATIONS

This report has been prepared to provide you with an up-to-date list of agricultural economics publications available from Cornell University. The publications listed are in five categories:

- I. Department A.E. Series and Staff Papers
- II. Food Industry Management Publications
- III. College Publications
- IV. Other Publications
- V. Books by Members of the Department

Department A.E. Series and Staff Papers are processed in the Department. The "A.E. Res." series reports the results of research projects. A copy of each A.E. Res. is automatically sent to libraries in land grant institutions and other universities with agricultural economics departments. The "A.E. Ext." series is based on extension projects and are usually intended for specialized groups. "Staff Papers" include major speeches and papers of staff members. These are available in limited quantities.

Copies of the Department A.E. Series and Staff Papers can be obtained by writing to:

R. B. How
442 Warren Hall
Cornell University
Ithaca, New York 14853

Single copies are available to individuals without charge. Prices for larger quantities can be furnished on request.

Food Industry Management Publications deal mainly with food retailing, wholesaling, and manufacturing. Requests for the publications should be sent to:

Gene A. German
250 Warren Hall
Cornell University
Ithaca, New York 14853

College Publications include Experiment Station Bulletins, Extension Bulletins, Land Classification studies, Food and Life Science Bulletins reporting research to general audiences; International Agricultural Development Publications, Information Bulletins, and Regional Publications for extension use; and Search reports on methodology or detailed research results for scientific audiences. A Special Cornell Series "Toward the Year 1985" was published in 1970 with an update in 1978. For College Publications write to:
