Dear friends,

many things have been done by the Croatian Society of Agricultural Economists since the year of our establishment in 1996 until today. It is our wish to celebrate our 20th anniversary in 2016 with pride, therefore all our activities will be dedicated to this significant jubilee.

Croatian Society of Agricultural Economists seeks to impact education policy, scientific and professional work, as well as to react critically to all appearances in adoption and implementation of agricultural policy and agrarian legislation.

*When we started publishing *Agroeconomia Croatia* in 2012, it was the turning point of our work. It has been published regularly ever since, presenting papers written by both Croatian and foreign scientists.*

In front of you, there is a new issue of our Journal. Enclosed you will find papers that speak critically about agricultural and economic reality. We can proudly state that there is a number of authors who, with their quality papers, help our Journal to be present in the world of science. We count on you, dear friends! Hopefully, our Journal will find a place in relevant databases in the near future.

The journal has an online edition that is on the website of HAED (<http://haed.hr/aec/>). The journal is also available on the Croatian portal of scientific journals – Hrcak (<http://hrcak.srce.hr/agroeconomia-croatica>).

Yours truly,

Ivo Grgić, president of HAED
