## AGRICULTURAL SITUATION IN INDIA

A monthly journal presenting a factual and integrated picture of the agricultural and food situation in India against an appropriate background.

This journal, issued by the Directorate of Economics and Statistics, Union Ministry of Food and Agriculture, has as its regular features:

- \* A monthly news-letter surveying the latest developments in the field.
- \* Authoritative special articles on topics of current interest.
- \* Extensive information on events and trends in India and abroad.
- \* Reviews of production and prices of various commodities.
- \* A comprehensive statistical section.

Commanding a wide and influential readership in India and abroad, **Agricultural Situation in India** is an invaluable guide to students of agricultural economics, business executives and administrators.

Annual subscription    ...    ...    ...    ...    Rs. 24.00 or 37sh.

Available from :

1. The Manager of Publications, Civil Lines, Delhi-8.
2. The Secretary to the High Commissioner for India, "India House," Aldwych, LONDON, W.C. 2.

## A big helping hand to AGRICULTURE

### **We welcome proposals from agriculturists for:**

Short-term advances for purchase of fertilisers, seeds, pesticides, etc. ■ Medium-term advances for purchase of agricultural equipments like pump-sets, tractors, etc., and for irrigation, electrification of wells and construction of farm houses, etc. ■ Long-term advances for development of farms, plantations, poultry farming, dairy farming, etc.

■ We also offer financial assistance to manufacturers and distributors of agricultural inputs and equipments for their marketing and distribution operations.

Contact any of our Branches or Agricultural Finance Department at our Central Office in Bombay.

## SALES ACCOUNTING METHODS

A Study Group of the Institute of Office Management, London, conducted a survey in "Sales Accounting Methods." The members of the study group were employed in various large offices including the British Treasury, Imperial Chemical Industries Ltd., Unilever Ltd., and published a comprehensive report in the form of a book. The systems described in the report are not necessarily those used in these offices.

Our Institute (IOMI), which has professional collaboration with the Institute of Office Management of U.K., has obtained a limited number of copies of this publication for the interest and benefit of business organizations keen to reduce their overhead office expenses.

We have pleasure in offering the same at a price of Rs. 44.00 exclusive of postage and packing charges. Please write to the Executive Officer, Institute of Office Management—India, N-34, Jangpura Extension, New Delhi-14.

**The Seed Corn:** There is one quick way of bringing a farm to an end, and that is to rob the farmer of his seed corn. Out of each harvest, a farmer must put by a percentage of his corn to plant again in the next season. And if he has to expand and to plant new fields, then he must retain more and more of his crop to have more and more seed corn.

Profit is the seed corn of industry. As the corn grows and the seed increases, so profits flow out of industry. They are not a weed, to be scythed by the scythe of taxation or to be eradicated by the hoe of nationalization. They are the measure of an industry's efficiency. They are the new power generated by that industry for the creation of further industries.

"Remember that dark brown starved man,  
bending under a scorching Sun,  
scratching a little plot of land to eke out a  
living...any thing you do, do for his benefit..."\*

Mahatma Gandhi... to Jawaharlal Nehru

## FOR HIS BENEFIT HIGH ANALYSIS FERTILIZERS

\* And GSFC must follow this advice, specially so, being situated in the land of Gandhiji.  
Indeed, GSFC is doing so, with all humility and against immense odds, .....

So that **his** farming may flourish and be profitable.....

And so that the Economy of this country be well founded.....

In obeisance to the Mahatma's spirit, GSFC could achieve the targets set  
for it and its products are found throughout India.

However, we must persevere to further these efforts to fulfil the YEARNINGS OF  
THE FATHER OF OUR NATION TOWARDS THE SONS OF THE SOIL.

GSFC is basic to India's progress.

- Jai Krishna .. Economist, Management Services Group (Economics), Hindustan Lever Ltd., Bombay.
- G. Parthasarathy .. Head of the Department of Co-operation and Applied Economics and Professor, Andhra University Colleges, Waltair.

## GUIDELINES FOR SUBMISSION OF PAPERS BY AUTHORS

**1. Subjects:** The objective of the *Journal* is to provide a forum for dissemination and exchange of findings of research on agricultural economics. Purely descriptive material is not appropriate for such a journal. Papers dealing with (i) new developments in research and methods of analysis, or (ii) which apply existing empirical research methods and techniques to new problems or situations, or (iii) which attempt to test new hypotheses/ theoretical formulations or modifications of existing theories or policies to explain economic phenomena especially in the Indian context, or (iv) papers based on research done by the authors bringing out new facts or data presented in an analytical frame will be preferred. Younger economists are advised to seek guidance from their seniors in the preparation of the paper for the *Journal*. A one-page statement indicating the author's own assessment of the importance and relevance of the findings reported in his paper in the context of recent researches would be welcome.

**2. Size of Paper :** In view of the exorbitant increase in the cost of printing, it has become necessary to restrict the length of the papers accepted for publication to 20 (double space) typed pages (of the size 8½-by-11 inches) including tables and appendices (with margins on all sides of at least 1½ inches). Papers exceeding this size limit will be returned to the authors. The authors may however send along with their papers such "supporting material" as may be of help to the referees in evaluating them. Abstracts not exceeding 100 words should be submitted in duplicate along with the paper.

**3. Copies :** Two copies of each paper should be submitted along with a processing fee of Rs. 15/- either by M.O. or crossed I.P.O. (\$ 4.00 or £ 2.50) drawn in the name of the Indian Society of Agricultural Economics, to meet partly the postage and other incidental charges.

**4. Author's identification :** To protect the anonymity of authors while referring the Papers for expert opinion on their merits, authors are advised to avoid disclosing their identity in the text and to attach a separate page showing the name(s) and affiliation(s) of the author(s) along with any footnotes containing bibliographical information or acknowledgements.

**5. Mathematical notations :** Only essential mathematical notations may be used; it is prohibitively costly to typeset such notations. All statistical formulae should be neatly typed.

**6. Figures-Charts and Tables :** Professional assistance should be availed of while presenting figures and charts. They should be drawn in black ink which can be easily reproduced by photographic process. Typescript is not suitable for reproduction. Roman numerals may be used for tables.

**7. Footnotes :** Footnotes should be numbered consecutively in plain arabic superscripts.

**8. References and citations :** Only cited works should be included in the reference list. Please follow the style of citations as in previous issues of this *Journal*.

**9. General :** While sending papers the authors should state that the material has not been published elsewhere or is not being published or being considered for publication elsewhere.

**10. Reprints :** Ten free reprints of the paper would be given to the author; additional reprints, if required, are supplied at cost which may be ascertained from the Editor.
