INDIAN SOCIETY OF AGRICULTURAL ECONOMICS

The Indian Society of Agricultural Economics was founded in 1939. It is registered as an educational trust under the Society's Registration Act and Bombay Public Trusts Act. Since its inception the Society has played and continues to play a major role in the promotion of teaching and research in Agricultural Economics in India. It holds annual conferences, seminars, workshops and trainings, and has brought out a large number of publications including the three seminal volumes containing Presidential Addresses since its inception and a special volume on Platinum Jubilee containing selected essays on contemporary issues. The Society is also publishing a world class quarterly journal, *Indian Journal of Agricultural Economics (IJAE)* which carries articles based on empirical analysis and policy research. The annual conferences, regional seminars, workshops and lectures organised by the Society serve as a forum for exchange of ideas, debates, discussions and networking. ISAE has also taken up research selectively on contemporary issues by professional contributions of our fraternity. This apart distinguished members of the Society are encouraged and honoured in the form of prizes, awards and ISAE fellowships.
