FOREWORD

The delay in bringing out this issue is highly regretted. We assure you that future publications of the Journal will be on time.

As communicated earlier, the national seminar on "**Agricultural Credit System - The Next Stage**" will be held on 2-3 March 1994 at NAARM, Hyderabad. Three key note papers by eminent experts in agricultural credit besides more than 30 contributed papers on the theme will be discussed during the Seminar which will be attended by bankers, academicians, development workers, policy makers and researchers. The proceedings of the Conference, along with key note papers, some contributed papers in full length and the rest in summary form will be printed and published soon. NABARD has taken keen interest in this important topic by not only providing the outline of the topic but also generous financial help for organising the Seminar and printing the proceedings. It is hoped that this Seminar will further add to the glory to this young Association.
