FoodReview Index

This index covers the last 5 years—from NFR-32 (1986) to FR Vol. 14, No. 2 (April-June 1991). Because the magazine increasingly reported on food issues of both national and international importance, it was renamed in 1991. Beginning with Vol. 14, the *National Food Review* became *FoodReview*.

The articles in issues NFR-32 to NFR-38 (Fall 1987) are cited below by the issue number and page. For example, 32/11 means NFR-32, page 11. Beginning in 1988, the magazine was issued in volumes. Those articles are cited by quarter (January-March, April-June, July-September, and October-December) and page. For example, J-M88/5 means the January-March 1988 issue, page 5; and J-S88/18 means the July-September 1988 issue, page 18.

Copies of articles are available by writing to the *FoodReview*, 1301 New York Ave., NW., Room 1134, Washington, DC 20005-4788. Starting with 1989 editions, single issues can be purchased (\$8.00 per copy), while supplies last, by calling 1-800-999-6779.
