Where does our interest lie?

In the economic development of the country

With over 670 branches spanning the entire country, UCOBANK today is doing all it can to translate into reality the objective behind bank nationalisation : all-round economic development of the country.

With the branch expansion programme going full steam ahead, UCOBANK today is going all out to develop priority and preferred sectors like agriculture, small-scale industries, self-employed, etc. Simultaneously, its comprehensive loan schemes are being made available to every socio-economic group.

And again in the field of international banking UCOBANK is playing an increasingly bigger role. All this is a reflection of the new social responsibility which UCOBANK feels proud to shoulder.

INTERNATIONAL LABOUR REVIEW

Published monthly in English, French and Spanish by the International Labour Office, Geneva. Articles and information on topics relating to labour, human resources utilisation, incomes policy, industrial relations and other current issues affecting conditions of life and work in all countries.

A specimen copy of the **Review** will be supplied free on request.

Annual subscription (January to December) : Sw. frs. 40; Rs. 80.

MECHANISATION AND EMPLOYMENT IN AGRICULTURE—Case Studies from four Continents.

Although mechanisation often tends to replace labour, tractors and other forms of mechanisation continue to be introduced into agriculture in areas of rapid labour force growth and high unemployment and under-employment. Should this be so and if not, what can be done about it? Case Studies from Africa, Asia, Latin America and Southern Europe are presented in an attempt to discover how the twin advantages of increased output and higher employment can be secured through selective mechanisation taking account of factor endowments, crop characteristics and other local variables.

Publications may be obtained through major booksellers, from ILO Publications, International Labour Office, CH-1211, Geneva 22, Switzerland or from ILO Area Office, 7 Sardar Patel Marg, Chanakyapuri, New Delhi-21.

Computerized monthly production of
**WORLD AGRICULTURAL ECONOMICS
AND
RURAL SOCIOLOGY ABSTRACTS
(WAERSA)**

From January production of **WAERSA** and the other 19 abstract journals covering all scientific aspects of world agriculture, produced by Commonwealth Agricultural Bureaux, has been computerized.

A monthly **WAERSA** will provide even greater current awareness of all economic, sociological and policy aspects of world agriculture, production and trade. Additional services such as cross-disciplinary searches, special profiles, etc., will also be available as the machine data base on CAB journals builds up. Data can also be supplied on magnetic tape.

There are now more than 20 titles available in **WAERSA's** new series of **Annotated Bibliographies** on specialized aspects of agricultural economics and particular geographical areas (Africa; EEC; Asia, individual countries; etc.). Further titles are always under preparation to meet current interests and developments in agricultural economics.

WAERSA Annual Subscription:

£22.00 (\$57.00) (£9.00 to subscribers
in countries contributing to CAB)

DOES MONEY GROW ON TREES ?

Money does not grow on trees but it does in a Bank. **Yes, in a way.**

Plant the seed of your first savings in our 'Cumulative Deposit' account today and watch how it grows into a tree.

That is Cumulative-cum-Happiness for you

No man is an island unto himself. Our needs are so much dependent on other things—such as money. There is nothing quite like knowing there is money for your needs—'your own money'. We invite you to make provision for the welfare of your family, marriage of your daughter and education of your children by opening a Cumulative Deposit account in our Bank.

Let little joys add upto a lasting happiness.

THE INDIAN SOCIETY OF AGRICULTURAL ECONOMICS

46-48, Esplanade Mansions, Mahatma Gandhi Road
Fort, Bombay 400 023 (India)

GUIDELINES FOR SUBMISSION OF PAPERS BY AUTHORS

1. Subjects: The objective of the *Journal* is to provide a forum for dissemination and exchange of findings of research on agricultural economics. Purely descriptive material is not appropriate for such a journal. Papers dealing with (i) new developments in research and methods of analysis, or (ii) which apply existing empirical research methods and techniques to new problems or situations, or (iii) which attempt to test new hypotheses/ theoretical formulations or modifications of existing theories or policies to explain economic phenomena especially in the Indian context, or (iv) papers based on research done by the authors bringing out new facts or data presented in an analytical frame will be preferred. Younger economists are advised to seek guidance from their seniors in the preparation of the paper for the *Journal*. A one-page statement indicating the author's own assessment of the importance and relevance of the findings reported in his paper in the context of recent researches would be welcome.

2. Size of Paper : In view of the exorbitant increase in the cost of printing, it has become necessary to restrict the length of the papers accepted for publication to 20 (double space) typed pages (of the size 8 $\frac{1}{2}$ -by-11 inches) including tables and appendices (with margins on all sides of at least 1 $\frac{1}{2}$ inches). Papers exceeding this size limit will be returned to the authors. The authors may however send along with their papers such "supporting material" as may be of help to the referees in evaluating them. Abstracts not exceeding 100 words should be submitted in duplicate along with the paper.

3. Copies : Two copies of each paper should be submitted along with a processing fee of Rs. 15/- either by M.O. or crossed I.P.O. (\$ 4.00 or £ 2.50) drawn in the name of the Indian Society of Agricultural Economics, to meet partly the postage and other incidental charges.

4. Author's identification : To protect the anonymity of authors while referring the Papers for expert opinion on their merits, authors are advised to avoid disclosing their identity in the text and to attach a separate page showing the name(s) and affiliation(s) of the author(s) along with any footnotes containing bibliographical information or acknowledgements.

5. Mathematical notations : Only essential mathematical notations may be used; it is prohibitively costly to typeset such notations. All statistical formulae should be neatly typed.

6. Figures-Charts and Tables : Professional assistance should be availed of while presenting figures and charts. They should be drawn in black ink which can be easily reproduced by photographic process. Typescript is not suitable for reproduction. Roman numerals may be used for tables.

7. Footnotes : Footnotes should be numbered consecutively in plain arabic superscripts.

8. References and citations : Only cited works should be included in the reference list. Please follow the style of citations as in previous issues of this *Journal*.

9. General : While sending papers the authors should state that the material has not been published elsewhere or is not being published or being considered for publication elsewhere.

10. Reprints : Ten free reprints of the paper would be given to the author; additional reprints, if required, are supplied at cost which may be ascertained from the Editor.

Printer : Shri G.R. Shetty; Type-setting on Postscript laser printer at Indian School of Political Economy, Arhabodhi, Pune - 411 016; Place of printing : Mudra, 383 Narayan Peth, Pune - 411 030; *Publisher :* Shri G.R.Shetty; Place of Publication and Owners : The Indian Society of Agricultural Economics, 46-48, Esplanade Mansions, Mahatma Gandhi Road, Fort, Bombay-400 001.
