CALL FOR PAPERS

Deadline: July 15, 1989

The Editorial Board suggests the following guidelines for papers submitted:

Statement of Problem
Objectives
Methodology
Results and Conclusions
Implications (importance to the food industry)

The paper should be typed, double spaced (including tables, charts, references). Tables and charts should be numbered consecutively throughout the text and should follow the first reference to the table. Omit color visuals, we are not in a position to use them at this time. Also, with your paper submit an abstract of not more than 100 words.

Please submit a separate title page with the authors names and appropriate identification. The first page of the paper should have the title but no names. The Society has a page charge of \$45.00 per page and it also requires that at least one author of the paper be a member of the Society. Send four copies of your paper to the Vice President for Publication.
