The Indian Society of Agricultural Economics with the support of the Indian Council of Social Science Research, New Delhi, has prepared a documented index of 11,000 articles relating to agricultural economics on the basis of Dewey Decimal System covering the period 1950-70. The index of documented articles was put on punch cards and computerised. A similar index of articles has been prepared for the year 1971 which includes 700 articles and for the year 1972 which contains 940 articles. The price of the 1971 and 1972 indexes is Rs. 40 and Rs. 45 (plus postage of Rs. 3.25) respectively. References can be made available in specific fields for a particular period. To scholars and institutions ordering any part of the list, the cost will be approximately one rupee for 20-title references or five paise per title reference. This service is rendered on a non-profit basis. Research scholars and institutions who desire to purchase these indexes may place their order with the Hon. Secretary of the Society.
