University of Sydney, N.S.W. 2006, Australia.

**Membership and Subscription**

For 1984, subscription rates are \$ 36 (Australian) or equivalent for ordinary members  
and libraries and \$ 18.00 for students. All enquiries to : The Office Manager, The  
Australian Agricultural Economics Society, Suite 302, Clunies Ross House, 191 Royal  
Parade, Parkville, Vic. 3052, Australia.

**(Agriculture and Communication)**

## **COMMUNICATE**

Heart to heart, mind to mind,  
That's what we did—  
for the first time in Indian Banking  
to disseminate information on modern agriculture  
to farmers,  
Demonstrating experimenting  
productive and profitable agriculture,  
Creating an awareness in them  
Through  
Farm Information Exchange Clubs  
Capturing their interest  
Through  
Future Farmers Clubs in High Schools  
Getting them involved  
Through  
Farm bulletins, expert lecture programmes,  
competitions, melas  
Infusing the desire to learn and improve  
Through  
Meetings with agriculture scientists  
An extension activity on extensive and intensive  
scale supporting agricultural finance introduced  
so many years ago when no one would have dared !  
The countryside is much greener today

## **SYNDICATE BANK**

Pioneer in farm communication

Volume 10, Issues 3 and 4

# EUROPEAN REVIEW OF AGRICULTURAL ECONOMICS

**Editor:**

Kees Burger, Landbouw-Economisch Instituut,  
Conradkade 175, 2517 CL The Hague, Netherlands

### In issue 10-3:

- J. BRUINSMA, J. HRABOVSKY, N. ALEXANDRATOS and P. PETRI. Crop production and input requirements in developing countries
- K. F. HARLING. Agricultural protectionism in developed countries: Analysis of systems of intervention
- H. ROUBA. Functions of the food-processing industry in promoting the development of agricultural regions in Poland
- A. KONTOS and T. YOUNG. An analysis of technical efficiency on a sample of Greek farms
- C. A. TISDELL and N.T.M.H. DE SILVA. The economic spacing of trees and other crops

### *Research note*

### In issue 10-4:

- K. HAGEDORN. Reflections on the methodology of agricultural policy research
- G. FOX and V. W. RUTTAN. A guide to LDC food balance projections
- W. KENNES. Estimating demand for agricultural commodities in Thailand combining time-series and cross-section data

HTM-MFL-2638

Fertilizer being an expensive input forms a sizeable percentage of a farmer's total cultivation cost. Therefore, it is of critical importance to use every unit of fertilizer effectively.

Towards this, in all our field programs as well as mass media programs, we have been communicating to farmers the following practices designed to enhance fertilizer use efficiency.

- Soil testing to determine fertilizer needs for each field and crop.
- Placement of fertilizers.

- Split application of nitrogen.
- Conservation and efficient utilization of organic wastes.
- Use of neem cake treated urea for top dressing of paddy.
- Use of high yielding varieties, proper water management and timely control of weeds and other pests.

## **DOCUMENTED INDEX OF ARTICLES RELATING TO AGRICULTURAL ECONOMICS**

A documented index of over 22,000 articles relating to Agricultural Economics published in Indian and foreign periodicals, covering the period 1951-82, classified according to the Dewey Decimal System and computer-printed is available for sale to Universities and research institutions at cost (Rs. 800 per set) plus forwarding charges.

A similar index of articles covering about 1,000 titles relating to the year 1983 is being computer-printed. It is supplied at a subsidised cost of Rs. 25 per set (excluding forwarding charges) to enable a larger number of research institutions and Universities to avail of this facility. This service is rendered on non-profit basis. Orders for the supply of these indexes may be placed with the Hon. Secretary, The Indian Society of Agricultural Economics, 46-48, Esplanade Mansions, Mahatma Gandhi Road, Bombay-400 023.

## **INDIAN JOURNAL OF AGRICULTURAL ECONOMICS—REPRINTS**

Many back issues/volumes of the Indian Journal of Agricultural Economics are currently out of print. Enquiries have been received by the Society for the supply of the back volumes of the Journal. With a view to enabling the interested readers, agricultural universities, colleges and other research institutions to complete their holdings of the back issues/volumes of the Journal, the Society has entered into an agreement with the Researchco Reprints, Delhi whereby the Researchco Reprints has been given full rights of reprinting of all the issues of Volumes 1 to 29 of the Journal which are out of print now. The Researchco Reprints has brought out the reprints of the abovesaid volumes. Kindly direct your orders and enquiries for back issues/volumes of the Journal (including reprints) to the Researchco Reprints, 1865 Trinagar, Delhi-110 035 (India).

## GUIDELINES FOR SUBMISSION OF PAPERS BY AUTHORS

**1. Subjects:** The objective of the *Journal* is to provide a forum for dissemination and exchange of findings of research on agricultural economics. Purely descriptive material is not appropriate for such a journal. Papers dealing with (i) new developments in research and methods of analysis, or (ii) which apply existing empirical research methods and techniques to new problems or situations, or (iii) which attempt to test new hypotheses/ theoretical formulations or modifications of existing theories or policies to explain economic phenomena especially in the Indian context, or (iv) papers based on research done by the authors bringing out new facts or data presented in an analytical frame will be preferred. Younger economists are advised to seek guidance from their seniors in the preparation of the paper for the *Journal*. A one-page statement indicating the author's own assessment of the importance and relevance of the findings reported in his paper in the context of recent researches would be welcome.

**2. Size of Paper :** In view of the exorbitant increase in the cost of printing, it has become necessary to restrict the length of the papers accepted for publication to 20 (double space) typed pages (of the size 8½-by-11 inches) including tables and appendices (with margins on all sides of at least 1½ inches). Papers exceeding this size limit will be returned to the authors. The authors may however send along with their papers such "supporting material" as may be of help to the referees in evaluating them. Abstracts not exceeding 100 words should be submitted in duplicate along with the paper.

**3. Copies :** Two copies of each paper should be submitted along with a processing fee of Rs. 15/- either by M.O. or crossed I.P.O. (\$ 4.00 or £ 2.50) drawn in the name of the Indian Society of Agricultural Economics, to meet partly the postage and other incidental charges.

**4. Author's identification :** To protect the anonymity of authors while referring the Papers for expert opinion on their merits, authors are advised to avoid disclosing their identity in the text and to attach a separate page showing the name(s) and affiliation(s) of the author(s) along with any footnotes containing bibliographical information or acknowledgements.

**5. Mathematical notations :** Only essential mathematical notations may be used; it is prohibitively costly to typeset such notations. All statistical formulae should be neatly typed.

**6. Figures-Charts and Tables :** Professional assistance should be availed of while presenting figures and charts. They should be drawn in black ink which can be easily reproduced by photographic process. Typescript is not suitable for reproduction. Roman numerals may be used for tables.

**7. Footnotes :** Footnotes should be numbered consecutively in plain arabic superscripts.

**8. References and citations :** Only cited works should be included in the reference list. Please follow the style of citations as in previous issues of this *Journal*.

**9. General :** While sending papers the authors should state that the material has not been published elsewhere or is not being published or being considered for publication elsewhere.

**10. Reprints :** Ten free reprints of the paper would be given to the author; additional reprints, if required, are supplied at cost which may be ascertained from the Editor.
