RISK MANAGEMENT STRATEGIES FOR AGRICULTURAL PRODUCTION FIRMS:

PERSPECTIVES AND RESEARCH ISSUES

Proceedings of a Seminar Sponsored by
Southern Regional Research Project S-180
"An Economic Evaluation of Risk Management Strategies
for Agricultural Production Firms"
San Antonio, Texas
March 28, 29, 30, 1983

PREFACE

This publication contains papers presented at a seminar held in conjunction with the 1983 meeting of Southern Regional Research Project S-180, "An Economic Evaluation of Risk Management Strategies for Agricultural Production Firms". The papers for this first meeting of the Technical Committee review recent risk research by Western Regional Research Committee W-149, provide risk research perspectives from potential research users and address research issues facing the Committee.

Cooperating agencies in the S-180 Project are the Agricultural Experiment Stations of Alabama, Arizona, Arkansas, California, Florida, Georgia, Illinois, Indiana, Kansas, Kentucky, Maryland, Michigan, Minnesota, Missouri, Mississippi, Montana, North Carolina, North Dakota, Nebraska, New Mexico, Ohio, Oklahoma, Oregon, South Carolina, Texas, Virginia, Washington and Wyoming and Economic Research Service, U.S. Department of Agriculture. The Administrative Advisor is Preston E. LaFerney, Arkansas Agricultural Experiment Station, and the SEA representative is Roland R. Robinson.

Odell L. Walker
Program Chairman
1983 S-180 Meeting
