Journal of the Bangladesh Agricultural University

'Journal of the Bangladesh Agricultural University Research' is a half yearly journal published in June and December by Bangladesh Agricultural University Research System (BAURES). Research papers, review articles and short communications in all fields of Agricultural Sciences are published in this journal.

Instruction for contributors: The manuscript should be an original one, not previously published or under consideration for publication in any form in any journal.

Language: The manuscript must be written in English.

Length of article: Research paper should not be of more than 4000 words, while review articles may cover up to 6000 words. In case of short communication, the limit is 1500 words.

A research paper should contain the following

Title: Title should be clear and concise reflecting the objective and content of paper. Title should be followed by name(s) and address(es) of the author(s) and a short running title.

Author: The number of author of an article should not exceed four. However, in case of research conducted through foreign fund, two more foreign authors can be allowed along with maximum limit of local author.

Keywords: Should not exceed 5 words/ phrases.

Abstract: Should be a concise summary of the article not exceeding 200 words.

Text: Text of the article should be in following order: Title, Abstract, Keywords, Introduction, Material and Methods, Results and Discussion, Acknowledgement (if any) and References. Manuscript should be computer typed having double space with a font size of 12 on one side of A4 size white paper. Three copies of printed materials should be submitted. Main heading should be in bold face with left margin. The position of Tables and Figures in the text should be indicated clearly. Name (s) and address of the maximum four Author(s) should only be provided on a separate page along with the article.

Tables and Figures: Tables and Figures should be placed on separate sheets. On the backside of Figures name of the first author and Figure number should be mentioned. Photographs should be black and white and of good quality.

References: References in the text should follow the author-date system, e.g., (author, date) for one author; (author and author, date) for two authors; (first author et al., date) for more than two authors. The reference list should be given alphabetically in the following style:

Bhattacharya, K.R. 1985. Parboiling of rice. In B.O. Juliano, ed. Rice Chemistry and Technology, 2nd ed, p. 289-348. St Paul, MN, USA, Am. Assoc. Cereal Chem.

De Datta, S.K. 1981. Principles and Practices of Rice Production. New York, J. Wiley and Sons. 618pp.

Deinum, B. 1966. Influence of some climatological factors on the chemical composition and feeding value of herbage. Proceedings of the 10th International Grassland CongressI, Helsinki, 415-418.

Feng, H. and Tang, J. 1998. Microwave finish drying of diced apples in a spouted bed. J. Food Sci., 63(4): 679-683.

In case of Short Communication, there should be no sub-title except abstract and references.

Handling charge: For publication of each accepted full length paper and short communication the author(s) shall have to pay: Full Paper a) For Principal Investigators/ Investigators of BAURES Research Projects Tk. 500/- per research article, b) For others Tk. 1000/- per research article. Short communication a) For Principal Investigators/Investigators of BAURES Research Projects Tk. 300/- per research article, b) For others Tk. 500/- per research article. In addition Contributors shall have to pay an amount of Tk. 300/- during submission of the paper for the purpose of reviewing the same. Editorial board, if necessary, may charge extra cost for including photographs.

Proof and Reprint: Proofs will be sent to the author(s). Author(s) are requested to take care during correcting the manuscript on the basis of the comments of the reviewer/overviewer and return to the Executive Editor within three days of receipt. The contributors will be supplied with a copy of the journal along with 10 copies of reprints free of cost.

Contents

1	Effect of intermittent water stress and nutrient solution electrical conductivity on nutrient uptake by rice plant- K.P. Halder and S.W. Burrage	01
2	Effect of planting time on growth and yield of four promising pointed gourd genotypes- A.S.M.M.R. Khan, M.G. Rabbani, M.A. Siddique and M.A. Islam	11
3	Effect of pre-inoculation of rice with bacteria for induction of bacterial leaf blight resistance- M.M. Ahammad, M. Jalaluddin, I. Hossain and M.I. Khalil	17
4	Screening of oilseed Brassica varieties for drought tolerance at the early stages of plant growth- M.A. Hossain, A.B.M.A.H.K. Robin, M. Amir Hossain and S.A. Raffi	23
5	Field evaluation of some cabbage varieties against common cutworm, <i>Spodoptera litura</i> (F.)- M.M.H. Khan	31
6	Maize-pea intercropping as influenced by planting system and row arrangement- S.S. Kakon, R.R. Saha, F. Ahmed and M.A.H.S. Jahan	37
7	Performance of modern boro rice varieties under different planting methods- M.M. Kamal, M.P. Anwar, F. Alam and S.M.A. Hossain	43
8	Effect of transplanting date and nitrogen fertilization on the yield of BRRI dhan29- S.G. Shaon, M.P. Anwar, M.M. Kamal and M.A. Islam	49
9	Garlic bulb extracts inhibitory to <i>Phomopsis vexans</i> - J. Nahar, G.H.M. Sagor, M.B. Meah and H. Seal	55
10	Genotype-environment interaction for grain and sink characters in spring wheat (<i>Triticum aestivum</i> L.)- G.H.M. Sagor, J. Nahar and M.A. Newaz	61
11	Radiation interception and biomass production of rainfed rice- M.S. Hossen and M.A. Baten	69
12	Somatic embryogenesis of bamboo from root tip explants- M.A. Karim, T.K. Ghosh and M.S. Rahman	75
13	Effects of different sources of nitrogen on the nutrient uptake by rice and on soil fertility- T.S. Hoque, M.A. Hashem and M.R. Islam	81
14	In vitro callus induction and plant regeneration from immature zygotic embryos of black pepper (<i>Piper nigrum</i> L.)- M.A. Rahman, I.A. Khondaker and O.I. Joarder --- Short Communication	87
Livestock		
15	Persistence of actively acquired and maternally derived antibody in vaccinated goats and their kids against peste des petits ruminants virus- M.R. Islam, M.E. Huque, S.U. Munshi and M.H. Al-Faruque	91
16	Fertilizing capacity of buck (<i>Capra hircus</i>) semen frozen with different concentrations of egg yolk- M.H. Al-Faruque, F.Y. Bari, M.A.R. Siddiqui, M. Shamsuddin	95
17	Comparative effects of single and mixture of indigenous medicinal plants on gastro-intestinal nematodes and growth of calves- P.K. Sarker, M.A. Akbar, T.U. Ahmed and M.M.H. Mondal	105
18	Variability in performance of indigenous chicken- M.S. Islam, A.K.F.H. Bhuiyan, M.S.A. Bhuiyan and S.S. Islam --- Short Communication	111
Fisheries		
19	Culture of <i>Spirulina platensis</i> in various concentrations of papaya skin powder medium- M.G.U. Sharker, M.I. Miah, M.M. Rahman and M.A.B. Habib	117
20	Impact of carp stocking on the yield and biodiversity of non-stocked indigenous fish species in selected oxbow lakes of Bangladesh- M.A. Haque, M.Z. Islam and M.R. Hasan	129
Agricultural Engineering		
21	Profitability of rice production using a drum seeder- M. Alam, S. Sarker and M.A. Momin	125
22	Modification of the prototype of a locally made hydrotiller and its performance- M.A. Haque, M.M. Islam and A.K.M.S. Islam	145
23	Development of building blocks using local sand- M.S. Rahman, A.S.M.A. Awal and M.B. Hossain --- Short Communication	143
Economics and Rural Sociology		
24	An economic analysis of sweet potato cultivation in some selected char areas of Bangladesh- M.A. Awal, S.R. Saha, M.M. Khaled and M.A. Khan	159
25	Consumer preference for broiler- a micro-level study in Dhaka district- K.T. Rahman, M.S. Palash and M.K. Bepari	169
