NINETEENTH ANNUAL CONFERENCE OF THE SOCIETY, DECEMBER, 1959

The 19th Annual Conference of the Society will be held in December, 1959. The exact date and venue of the Conference will be intimated in due course.

The following subjects are selected for discussion at the Conference :

1. Taxation and Optimum Land Utilisation
2. Role of Processing of Agriculture Produce in the Indian Rural Economy.
3. Technique of Evaluating Rural Development Programmes.
4. The Role of Agriculture in the Third Five-Year Plan.

We shall be glad to have a paper from you on any of the above subjects. The paper should be as far as possible based on original research and personal investigation. The paper is expected not to exceed 3,500 words or about 8 printed pages.

It was decided at the Annual General Meeting at Nagpur in December 1957 that from this year, the practice of summarising the papers by the authors prior to throwing the subjects open for discussion may be abandoned but rapporteurs will prepare summaries of papers on various subjects which will be circulated in advance to the members. In order to facilitate the preparation and circulation of summaries of papers well in advance of the Conference, the papers should reach the Society's office not later than 15th October, 1959. The papers received after the time limit will in no case be entertained either for discussion at the Conference or for publication in the Journal. The acceptance of the paper for the purpose of the Conference is at the discretion of the President of the Conference.
