

Journal of Financial Management and Analysis

INTERNATIONAL REVIEW OF FINANCE

Objectives

It is an established fact that economic development of natural- resource endowed developing countries (especially in the early stages) hinges on transfer of technology, management and capital from developed (industrial) countries through Multinational Corporations parented in developed countries on one hand; and, on the other hand, that there is a big question mark about the appropriateness or inappropriateness of transplantation of the economics of such capital-intensive technologies operating on the transfer pricing and allied techniques to suit host country's factor endowments, combined with the fact, that the financial statements of MNCs operating in hyper-inflationary and hyper- profit making conditions are misleading if not adjusted for changes in purchasing power.

JFMA focuses on financial management issues confronting MNC- controlled and MNC-dependent developed and developing countries, by providing a forum facilitating the development of the science of financial management.

JFMA is a useful decision kit for financial practitioners, policymakers and scholars from throughout the world. The Journal is the Third World's unique Journal of Financial Management.

- * Pros and cons of loan defaults in the co-operative sector : a case study of Nigeria
- * Nature of income inequality among Nigerian peasant (small) farmers -- implications for agricultural credit policies
- * Problems and prospects of rural credit financing in a developing country -- a case study of a financial institution
- * Analysis of agricultural loan default in the Nigerian economy
- * Operational performance of the Agricultural Credit Guarantee Scheme Fund in the Nigerian economy: has it benefitted the peasant farmers ?
- * Implications of rural-urban dichotomy -- a case study of Imo State of Nigeria
- * Pros and cons of successful agricultural loan administration in the economy of Ghana
- * Crop insurance principles and practice -- application to tree crop agriculture
- * How to assess a sick agricultural project; application of Wall-Dunning Credit Strength Index
- * Financial management strategies for 'rational' co-operative development to promote grass-root economic development -- the Nigerian economy in perspective

EDITORIAL BOARD CONSISTS OF : Eminent financial management experts from different countries of the world.

ANNOUNCEMENT

**Bangladesh Agricultural Economists' Association's Regional Conference,
July 2002**

The Bangladesh Agricultural Economists' Association is planning to hold a Regional Conference, under the auspices of International Association of Agricultural Economists (IAAE), on the theme: "Public-Private Sector Partnership for Promoting Rural Development" at Dhaka, Bangladesh in July 2002. The following issues will be addressed:

- (a) Generation and diffusion of agricultural technologies.
- (b) Value addition of agricultural products - agro-processing.
- (c) Economics of non-crop enterprises - agricultural diversification.
- (d) Rural non-farm economics.
- (e) Institutional supports.

Interested members of the Society may write to the organisers of the Regional Conference for additional information about the deadline for submission of papers, the exact dates of the Conference and the venue, and regarding travel support at the following address: Professor M.A. Sattar Mandal, President, Bangladesh Agricultural Economists' Association, Kranti Associates Ltd., House No. 38/3, Road No. 16 (New), 27 (Old), Dhanmondi R/A, Dhaka-1209 (Bangladesh).

Phone: 819350/9124790. E-mail: kranti@bangla.net/asmandal@sdnbd.org

Fax: 880-2-817156.

Subscriptions may be sent to the Director, Press & Publications Department, through crossed bank draft or cheques in favour of Registrar, Guru Nanak Dev University, Amritsar.

GUIDELINES FOR SUBMISSION OF PAPERS BY AUTHORS

1. Subjects : The objective of the *Journal* is to provide a forum for dissemination and exchange of findings of research on agricultural economics. Purely descriptive material is not appropriate for such a journal. Papers dealing with (i) new developments in research and methods of analysis, or (ii) which apply existing empirical research methods and techniques to new problems or situations, or (iii) which attempt to test new hypotheses/ theoretical formulations or modifications of existing theories or policies to explain economic phenomena especially in the Indian context, or (iv) papers based on research done by the authors bringing out new facts or data presented in an analytical frame will be preferred. Younger economists are advised to seek guidance from their seniors in the preparation of the paper for the *Journal*. A one-page statement indicating the author's own assessment of the importance and relevance of the findings reported in his paper in the context of recent researches would be welcome.

2. Size of Paper : In view of the exorbitant increase in the cost of printing, it has become necessary to restrict the length of the papers accepted for publication to 20 (double space) typed pages (of the size 8 $\frac{1}{2}$ -by-11 inches) including tables and appendices (with margins on all sides of at least 1 $\frac{1}{2}$ inches). Papers exceeding this size limit will be returned to the authors. The authors may however send along with their papers such "supporting material" as may be of help to the referees in evaluating them. Abstracts not exceeding 100 words should be submitted in duplicate along with the paper.

3. Copies : Two copies of each paper should be submitted along with a processing fee of Rs. 25/- either by M.O. or Demand Draft (US \$ 10.00 or £ 5.50) drawn in the name of the Indian Society of Agricultural Economics, to meet partly the postage and other incidental charges.

4. Author's identification : To protect the anonymity of authors while referring the Papers for expert opinion on their merits, authors are advised to avoid disclosing their identity in the text and to attach a separate page showing the name(s) and affiliation(s) of the author(s) along with any footnotes containing bibliographical information or acknowledgements.

5. Mathematical notations : Only essential mathematical notations may be used; it is prohibitively costly to typeset such notations. All statistical formulae should be neatly typed.

6. Figures-Charts and Tables : Professional assistance should be availed of while presenting figures and charts. They should be drawn in black ink which can be easily reproduced by photographic process. Typescript is not suitable for reproduction. Roman numerals may be used for tables.

7. Footnotes : Footnotes should be numbered consecutively in plain arabic superscripts.

8. References and citations : Only cited works should be included in the reference list. Please follow the style of citations as in previous issues of this Journal.

9. General : While sending papers the authors should state that the material has not been published elsewhere or is not being published or being considered for publication elsewhere. It is editorial policy not to consider for publication more than one paper from the same author during a year.

10. Reprints : Ten free reprints of the paper would be given to the author; additional reprints, if required, are supplied at cost which may be ascertained from the Editor.

Printer: Shri G.R. Shetty; Type-setting on Postscript laser printer at the Indian Society of Agricultural Economics, Mumbai-400 001; *Place of printing:* Mudra, 383 Narayan Peth, Pune-411 030; *Publisher:* Shri G.R. Shetty; *Place of Publication and Owners:* Indian Society of Agricultural Economics, 46-48, Esplanade Mansions, Mahatma Gandhi Road, Fort, Mumbai-400 001.
