S.J.J. DE SWARDT AGREKON PRIZE

The S.J.J. de Swardt Agrekon Prize for 1974 has been awarded to *Messrs J.S.G. Joubert and P. Viljoen* of the Division of Agricultural Production Economics of the Department of Agricultural Economics and Marketing for their article "Production costs of crops in the North-Western Free State and the factors which influence these costs" which appeared in the July 1974 issue of Agrekon.

It is the third time that this award is being made since Mr S.J.J. de Swardt, former Secretary for Agricultural Economics and Marketing, made a

donation to the Department of Agricultural Economics and Marketing in 1973 for the purpose of establishing a fund from which to award prizes for meritorious contributions in the field of agricultural economics which have appeared in Agrekon.

The donor indicated, *inter alia*, that the prize is intended chiefly for the best article on an agricultural economic subject appearing in Agrekon within a given period of 12 months or more, as determined by the Secretary for Agricultural Economics and Marketing.

Mr P. Viljoen
