Editorial Policy

The *Journal of Agricultural and Resource Economics* seeks to publish creative and scholarly economic studies of agricultural and natural resource issues. Manuscripts dealing with the economics of food and agriculture, natural resources and the environment, human resources, and rural regions are equally encouraged. The *Journal* seeks to provide a forum for topics of interest to those performing economic research as well as to those involved with economic policy and education. Submission of comments on articles previously published in the *Journal* is welcomed.
