JARE Editor's Report for 1996-97

This is the last report of the Oklahoma State University editorship. Normally the new editor would have begun accepting new manuscripts July first. Because of delays in recruiting a new editor, I have agreed to continue accepting new manuscripts until September fifteenth.

The major change instituted during the editorship was the inevitable move to desktop publishing. The change has been successful in reducing the subsidy required of the host institution. The quality of the service provided by Allen Press has been excellent.

During the last year, 72 new manuscripts have been submitted. The average response time for a first review was 78 days. The acceptance rate for the entire three years was 36% (based on 81 acceptances among 222 manuscripts for which reviews have been completed). Twenty-seven manuscripts are currently with reviewers. All but one invited paper which was submitted was or will be eventually published.

I would like to thank the WAEA for letting me serve as editor, the Editorial Council for their assistance, and especially, my associate/technical editor, Deborah Bransford, for her dedication and attention to detail.

REVIEWERS, July 1996-June 1997

WAEA 1996 Award Winners

Outstanding Master's Thesis

MARILEA RUTH PATTISON, "Forest Regeneration Standards and Tenure." The University of Alberta

M.K. LUCKERT AND W.A. WHITE, Coadvisors

Honorable Mention:

BRIAN GARGER-YOUTS, "Cost-Effectiveness Analysis for Endangered and Threatened Snake River Recovery Planning." Oregon State University

LUDWIG M. EISGRUBER, Advisor

Outstanding Extension Program

CHRIS BASTIAN AND DEEVON BAILEY, "Managing for Today's Cattle Market and Beyond." University of Wyoming and Utah State University

Outstanding Published Research

RULON D. POPE, Brigham Young University, and RICHARD E. JUST, University of Maryland. "Empirical Implementation of Ex Ante Cost Functions." *Journal of Econometrics* 72(1996).

Honorable Mention:

SHU-YU HUANG and RICHARD J. SEXTON, University of California, Davis. "Measuring Returns to an Innovation in an Imperfectly Competitive Market: Application to Mechanical Harvesting of Processing Tomatoes in Taiwan." *American Journal of Agricultural Economics* 78(1996).

JARE Published Research Award

TIMOTHY J. RICHARDS, Arizona State University. "Economic Hysteresis and the Effects of Output Regulation." *Journal of Agricultural Resource Economics* 21(1996):1-17.

Honorable Mention:

PEI-CHIEN LIN, RICHARD M. ADAMS, Oregon State University, and ROBERT P. BERRENS, University of New Mexico. "Welfare Effects of Fishery Policies: Native American Treaty Rights and Recreational Salmon Fishing." *Journal of Agricultural and Resource Economics* 21(1996):263-76.

Outstanding Undergraduate Instructor

Less than 10 years

FRANK DOOLEY, North Dakota State University

More than 10 years

RAYMOND FOLWELL, Washington State University

GUIDELINES FOR SUBMITTING MANUSCRIPTS TO *JARE*

Contributors are requested to use the following guidelines in preparing manuscripts for submission:

1. *Cover Letter.* In a cover letter accompanying the manuscript, indicate (a) why the manuscript would interest *JARE* readers; (b) whether the material in the manuscript (or modification thereof) has been published, is being published, or has been submitted for publication elsewhere; (c) that the material in the manuscript, to the best of the author's knowledge, does not infringe upon other published material protected by copyright; and (d) that the author has read and agrees to the policy on data access and estimation procedures outlined below.
2. *Data Access and Estimation Procedures.* Authors should report, describe, and/or reference the complete estimation process undertaken to derive the results presented in the manuscript. This should include data documentation as well as model specifications estimated but not reported in the manuscript. Authors are expected to make data used available at cost upon request for five years.
3. *Title Page.* On a separate page, provide the title of the manuscript and author(s) name(s) centered and in boldface type. At the bottom of the same page, provide university title(s), institutional affiliation(s), acknowledgments of colleague reviews and assistance, and institutional support as an unnumbered footnote. **Do not place the name(s) of the author(s) on the first page of the text.**
4. *Abstract.* Include an abstract of 100 words or less, followed by up to eight key words listed alphabetically.
5. *Text.* Double-space all text, including the abstract, acknowledgments, endnotes, and references. Allow one inch margins on all sides—left justified only (*jagged right*).
6. *Style, Grammar, and Punctuation.* *JARE* uses *The Chicago Manual of Style* by the University of Chicago Press and *Webster's Third New International Dictionary* for style, format, and spelling.
7. *Endnotes.* Use superior numerals in the text to correspond with the numbered material on the endnote pages which follow the text.
8. *References.* List all works referred to in the text alphabetically and unnumbered on separate pages following the last table page. See current issues of *JARE* for format. Textual citations require either the author's last name within parentheses, or the author's name and year if more than one source by that author is also referenced.
9. *Figures and Tables.* Place each figure and table on a separate page following the text pages. Computer generated graphics are preferred. Refer to a current issue of *JARE* for correct format.
10. *Mathematics.* Consecutively number equations throughout the text. When displaying equations, place the equation number within parentheses flush left and the equation centered. Use italic type for all *variables*.
11. *Publication Costs.* Authors submitting manuscripts are expected to assume obligation for payment of page charges at the time their manuscripts are published. Current page charges are \$70/printed page.
12. *Submissions.* Send **four** good quality copies to the address below. **Do not send a disk copy until requested by the editor.** Receipt of manuscripts will be acknowledged by return mail.

Professor J. Scott Shonkwiler, Editor
Journal of Agricultural and Resource Economics
Department of Agricultural Economics
University of Nevada, Reno
Mail Stop 204
Reno, NV 89557-0105

Western Agricultural Economics Association
