Welcome to TRF's 36th Annual Forum

These Proceedings include papers presented to TRF's 36th Annual Conference in Daytona Beach, Florida, November 3 to November 5, 1994. Each paper was reviewed by the Program V.P. to assess its suitability for the Forum. The transcripts and summaries of the non-paper forum sessions will be presented in the Post-Meeting Proceeding.

Clint Oster, the Program VP Elect, supervised the review process of the papers for the various awards given by TRF and supporting organizations. Clint will host the 1995 Forum in Chicago.

Rick Guggolz, TRF's Administrator, has assisted throughout the organization and planning for this meeting. Russ Capelle, Jr., Paul Gessner, and Steve Thompson contributed their much-needed advice and calming influences.

The Program VP Elect, Administrator, Program VP only handle the mundane mechanics of our meetings. It is the efforts of the authors, moderators, and forum session organizers and presenters that make the meetings possible and worthwhile.

Transportation Research Forum

The Transportation Research Forum is an independent organization of transportation professionals. Its purpose is to provide an impartial meeting ground for carriers, shippers, government officials, consultants, university researchers, suppliers, and others seeking an exchange of information and ideas related to both passenger and freight transportation.

The Transportation Research Forum assumes no responsibility for the content of the papers published in these Proceedings or for any errors or omissions in the printing of this volume. These papers are published by the TRF as a means of disseminating information during the TRF Annual Forum.
