## Editor

Volume I, Number 1  
William D. Gorman  
*New Mexico State University*

Subsequent Volumes  
Peter J. Barry  
*Texas A&M University*

The *Western Journal of Agricultural Economics* is a service of the Western Agricultural Economics Association and is published twice a year in June and December.

Printed for the WAEA by New Mexico State University, Las Cruces, New Mexico. Second class postage paid at Las Cruces, New Mexico and additional mailing offices.

Copyright © 1977 by the Western Agricultural Economics Association.

An article, note, or other material appearing in the *Western Journal of Agricultural Economics* may not be republished in full or in part without the express permission of the editor.

---

## Editorial Policy

The purpose of the Journal is to provide a forum for creative and scholarly work in agricultural economics and related areas. Manuscripts should have a relationship to the economics of agriculture, natural resources, human resources, or rural and community development. Contributions on methodology or applications in business, extension, research, and teaching phases of agricultural economics are equally encouraged. Preference will be given to articles concerned with problems and issues of concern in the Western and Great Plains regions of the United States and Canada. Only articles recommended by the editorial council are accepted for publication except for invited papers published in proceedings issues of the WAEA annual meetings. Contributed papers presented at the WAEA annual meetings must be reviewed and accepted by the editorial council before they can be published in the proceedings issues.

---

## Editorial

Communications  
All manuscripts and editorial correspondence should be addressed to Peter J. Barry, Editor, WJAE, Department of Agricultural Economics, Texas A&M University, College Station, Texas 77843.
