THE AGRICULTURAL OUTLOOK CONFERENCE

Outlook '86 is the U.S. Department of Agriculture's 62nd annual agricultural outlook conference. Since the earliest conferences, held strictly to provide producers with new information on seed varieties and crop development, these annual events have continually evolved in scope and purpose. Today, the conference is USDA's single most important forum for the release and exchange of outlook information.

During the opening sessions of Outlook '86 on Tuesday, the economic health of U.S. agriculture, including the outlook for farm income and credit, and a discussion of the implications of the 1985 farm bill, will be examined along with the outlook for the economy, agriculture, and trade.

On Wednesday, the focus will shift to the outlook for commodities and other special topics. The entire morning in Jefferson Auditorium will be devoted to prospects for the grain-oilseed-livestock complex. Other commodity outlook sessions scheduled for Wednesday include fruit and vegetables, tobacco, and sweeteners. Follow-up sessions for grains, livestock and dairy, oilseeds, and sweeteners are set for the afternoon. Concurrent sessions on new food technologies, marketing and food prices, and conservation also are scheduled Wednesday afternoon, following morning sessions on the outlook for family economics and nutrition.

Outlook '86 will conclude Thursday morning, with sessions on a variety of topics, including the outlook for cotton, forest products, transportation, the farm financial situation and rural development, weather, biotechnology research, and farm trade issues. The research and trade sessions are to be held in Jefferson Auditorium.

CONFERENCE INFORMATION

REGISTRATION

Registration will start Monday afternoon and continue throughout the conference in the Patio of USDA's Administration Building, on the North side of Independence Avenue. All non-Federal Government conferees must register to receive nametags which will satisfy security requirements during the conference. All other conferees are encouraged to register. There is no registration fee. Those who either pre-registered or who register at Outlook '86 will be sent preliminary information on Outlook '87, tentatively scheduled for December 2-4, 1986.

SECURITY

Acceptable identification is required to enter any U.S. Department of Agriculture building. Federal Government employees must wear identification badges at all times. The Outlook Conference nametag each person receives when registering also will serve as adequate identification. Please wear these at all times.

BUILDING ENTRANCES

With appropriate identification, entrance can only be made to the South Building at the 1st and 4th wings on the Independence Avenue side, at the 1st and 5th wings on the C Street side, at the 14th Street entrance, and to the Administration Building at either the central Independence Avenue or the Mall entrance. Anyone lacking an acceptable badge or nametag must sign in with the guard at the South Building's 4th wing, Independence Avenue entrance only, to be permitted into any USDA facility.

GENERAL INFORMATION

Information about USDA facilities available to conferees, and about local public transportation can be found in the pages at the end of this program.

CONFERENCE SITES

The primary conference sites are:

- Jefferson Auditorium, located on the first floor of USDA's South Building between the 5th and 6th wings.
- Room 107-A, Administration Building, located adjacent to the Mall entrance near the Patio.
- Room 3505, South Building, located on the third floor, fifth wing.

SPEECH TEXTS

Daily compilations of speeches will be available in Jefferson Auditorium and the Administration Building Patio. Only those speeches received in advance will be available. However, all speeches will be printed in the Outlook '86 Proceedings and mailed after the holidays to all who paid the \$15.00 fee.

FOLLOW-UP SESSIONS

Follow-up sessions for grains and livestock/dairy are scheduled for Room 107-A. Follow-up sessions for sweeteners, oilseeds, and cotton are set for Room 3505-S. The follow-ups permit more time for questions and answers in an informal setting.

RECEPTION

All those attending, covering, or participating in the conference are invited to a reception in the Patio, Tuesday, December 3, from 5:30 - 7:30 p.m. A cash bar and light hors d'oeuvres will be featured.

MESSAGES

Conferees may leave information for each other or receive telephone messages at the message board in the Patio near the registration desk. Calls will be accepted for registered conferees only. The telephone number at the registration desk is (202) 382-1769.

PRESS

Accredited representatives of the news media must register at the Registration Desk in the Patio. From there, they should proceed to the Press Room, Room 4302-South Building (in the 3rd wing, 4th floor corridor, near the Independence Avenue side) where all materials will be available. The Press Room will be staffed from 8:15 a.m. to 5:00 p.m. daily during the conference. Live transmission of proceedings in Jefferson Auditorium will be broadcast in the Press Room, and typewriters, speech texts and telephones may be used by all registered media representatives. The Press Room telephone number is (202) 382-1774. The first two rows in Jefferson Auditorium will be reserved for the press until 5 minutes before each session begins.

ELECTRONIC TECHNOLOGY DEMONSTRATIONS

Demonstrations of two electronic information systems are planned for the conference.

Electronic Dissemination of Information (EDI) will be demonstrated in the Independence Avenue Corridor near the Jefferson Auditorium Monday-Thursday. This system is designed to make time-sensitive data available from USDA to the public electronically.

USDA's National Agricultural Library will demonstrate its newly developed full-text data base using both laser disc and on-line systems. The demonstration will be conducted on a continuing basis in the National Agricultural Library's D.C. Reference Center on the 1st floor of the South Building, between the 4th and 5th wings, near Jefferson Auditorium.

900-LINE SERVICE

Live access will be provided via 900-line telephone service this year to speeches given in Jefferson Auditorium. The number to call is (900) 410-JEFF. The cost is 50 cents for the first minute and 35 cents for each additional minute. Callers should determine in advance that long distance calls can be made from their telephones. For example, telephones on many campuses or in some government agencies may be restricted to institutional or local calls, and 900-line calls will not go through.

COMMENTS

Conferees are encouraged to list comments and suggestions on the sheet enclosed in registration packets. Suggestion boxes can be found in the Patio and at the Jefferson Auditorium.

GENERAL INFORMATION

Please see section on Security under Conference Information near the front of this program.

Tunnel and Overhead Walkways

Crossing Independence Avenue between the South and Administration Buildings is *extremely dangerous*. Please use either the basement tunnel which runs from the 3rd wing of the South Building to the Administration Building or overhead walkways located on the third floor midway between the 1st and 2nd and 6th and 7th wings.

Airline Ticket Counter

Open from 8:15 a.m. to 4:45 p.m., an airline ticket counter is located in Room 1067-South Building.

Pay Telephones

Pay telephones are located on the first floor of the Administration Building to the east and west sides of the Patio, and in the South Building on the Independence Avenue end of the 3rd, 4th, 5th, 6th, and 7th wings.

Cafeteria

The main USDA cafeteria is located on the first floor between the 2nd and 3rd wings of the South Building and is open daily from 7:00 a.m. to 3:30 p.m. Full meal service is available along with a sandwich line, salad bar, grill and lean lunch facility. A short-order cafeteria is open from 7:00 a.m. to 3:00 p.m. in the basement of the Administration Building, and a buffet dining room on the third floor of the Administration Building serves lunch from 11:30 a.m. to 1:30 p.m.

Snack Bars

A snack bar with a variety of sandwiches, beverages, crackers and sweets is located in the basement of the South Building where the 5th wing intersects the Independence Avenue corridor and is open from 8:00 a.m. to 4:00 p.m. In the Administration Building, vending machines offer a wide variety of food and can be found in the basement around the corner from the elevators.

Card/Candy Counter

A shop called the Sunny Spot sells greeting cards, candy and tobacco products. It is located in the South Building on the Independence Avenue corridor between the 2nd and 3rd wings and is open from 8:00 a.m. to 4:00 p.m.

Barber Shop

The barber shop in Room 1302-South Building is open from 8:00 a.m. to 4:30 p.m.

Bus Service

To go to downtown Washington via 14th Street, any 50 series bus can be boarded at the 5th wing of the South Building on the C Street side.

To go to Capitol Hill and Union Station, take any R series bus from the 4th wing on the Independence Avenue side.

For service into Virginia and Maryland, telephone Metro at 637-2437. Be sure to ask for the correct stop.

Subway

The Metro subway system's Smithsonian stop--Independence Avenue side--is located at the corner of 12th and Independence Avenue. The trains run until midnight on weekdays and Saturday. Please telephone 637-2437 for additional information.
