INTRODUCTION
The Mexican table market is very important for U.S. and Canadian exporters.

OBJECTIVES
The general objective of this study is to design an in-depth analysis of Mexican table cut consumption while using economically sound research approach that updates Mexican table cut data.

RESULTS

CONCLUSION
The major contribution of this study is to predict the future Mexican market and its impacts on U.S. table cut exports. The study also offers policymakers and decision-makers a coherent approach to forecast the future of the Mexican table cut market.
