California Department of Food and Agriculture

Agricultural Commissioners' Crop Reports

Amador County

1973-1981

California County Agricultural Commissioners' Reports from the California Department of Food and Agriculture. This collection consists of annual crop and livestock data from each of the 58 California Counties. The collection covers 1915-1981; digitization of the rest of the collection is forthcoming.

This digitization project was funded by the Giannini Foundation of Agricultural Economics,
<http://giannini.ucop.edu/>.

The work was completed by the staff of the Giannini Foundation Library, University of California, Berkeley, <http://are.berkeley.edu/library/>. **Please contact the Library to consult the originals.**

A large graphic element consisting of five vertical stripes of equal width, alternating between black and white. The stripes are positioned on the left side of the page, with the first stripe on the far left and the fifth stripe on the far right of the striped area.

MYRON D. QUESTO, District 2 ROBERT KNUDSON, District 4

Gentlemen:

It is my pleasure to submit the 1973 Agricultural Crop Report for Amador County in accordance with Section 2279 of the California Agricultural Code.

The values in this report represent the gross values of commercial agricultural production in Amador County. On this basis the total value of farm production in the County amounted to \$7,023,100 for 1973 as compared to a revised figure of \$5,116,400 for 1972. Although the gross income indicated by this report is a new record, it is not necessarily a reflection of increased grower profit. Production and marketing costs have continued to rise, limiting net incomes.

Stronger prices for all commodities plus higher yields for the fruit and nut crops contributed to the increase. The value of grape production passed the \$1,000,000 mark for the first time, an increase of 85% over 1972.

I wish to thank the many growers and other individuals who have contributed to the preparation of this report.

Respectfully submitted,

DAVID A. THOMPSON, JR.
Agricultural Commissioner

To: L. T. Wallace, Director
California Department of Food
and Agriculture

To: The Honorable Board of Supervisors
Robert Knudson, Chairman
Myron D. Questo Harry 'Glenn' Smith
Angelo J. DePaoli Howard C. Kirkland

In accordance with Section 2279 of the Agricultural Code, I hereby submit the 1974 Agricultural Crop Report.

Amador County's total gross farm crop value for 1974 is \$5,187,800. This represents a reduction of over 26% from the all time high in 1973 of \$7,023,100. In the 1974 crop season there were considerable price differentials for many commodities, with livestock and wine grape prices showing the most dramatic change.

The values contained in this report are gross values and in no way reflect the net gain to the producer.

All three of the major fruit and nut crops in Amador County showed decreases both in price and yield for 1974. The decrease in yield was caused by spring weather conditions.

Livestock production figures showed beef cattle prices off 22%. Hog prices were also lower, but sheep and lamb prices reflected a slight increase. Overall livestock and poultry values were off almost \$1,500,000.

Most field crop prices were up considerably in 1974. Total gross values for field crops increased 18% over 1973.

I am grateful to all individuals and organizations who contributed information to this report.

Respectfully submitted

David A. Thompson, Jr.
Agricultural Commissioner

A large, stylized number 1975 is centered on the page. A thick vertical bar runs through the middle of the number, from the top to the bottom of the page. The number is written in a simple, sans-serif font. The bar is solid black and has a slight shadow or texture, giving it a three-dimensional appearance. The number itself is white with a slight shadow, making it stand out against the background.

BUTTER HILL

To: Richard E. Rominger, Director

To: The Honorable Board of Supervisors
Harry "Glenn" Smith, Chairman
Howard C. Kirkland, Vice Chairman
John C. Begovich Myron D. Questo
Willard W. Summers

In accordance with Section 2279 of the Agricultural Code, I hereby submit the 1976 Agricultural Crop Report.

Amador County's total gross farm crop value for 1976 is estimated to have been \$6,002,200. This represents an increase of over 8% from 1975.

Although drought conditions reduced yields, in most cases this factor was compensated for by increased prices. The values contained in this report are gross values and in no way reflect the net gain to the producer. Operational and production costs increased steadily, limiting net income.

I wish to express my appreciation to the many persons who have contributed information for the preparation of this report.

Respectfully submitted

Jon E. Colburn Myron D. Questo

In accordance with Section 2279 of the Agricultural Code, I hereby submit the 1978 Agricultural Crop Report.

Amador County's total gross farm crop value for 1978 is estimated to have been \$6,941,800. This represents an increase of 20% over 1977. Most of this increase is due to higher prices, increased yield and acreage for wine grapes.

The values contained in this report are gross values and in no way reflect the net gain to the producer. Operational and productions costs increased steadily, limiting net income.

I wish to express my appreciation to the many persons who have contributed information for the preparation of this report.

Respectfully submitted

In accordance with Section 2279 of the Agricultural Code, I hereby submit the 1979 Agricultural Crop Report.

Amador County's total gross farm crop value for 1979 is estimated to have been \$8,150,300. This represents an increase of more than 17% over 1978. Most of this increase is due to higher prices and increased yield and acreage for wine grapes.

The values contained in this report are gross values and in no way reflect the net gain to the producer. Operational and production costs increased steadily, limiting net income.

I wish to express my appreciation to the many persons who have contributed information for the preparation of this report.
