DEPARTMENT OF AGRICULTURAL AND APPLIED ECONOMICS

University of Minnesota

The mission of the Department of Agricultural and Applied Economics is to serve Minnesota through the achievement of academic excellence in education and research that is relevant to the needs of modern society. The thrust of the Department's efforts encompasses economic problems and policy alternatives in areas such as:

Agricultural Marketing	Farm Income
Agricultural Prices	Farm Management
Agri-business Management	Foreign Trade
Community Development	Human Resources
Consumption Economics	Land Use Planning
Economic Development	Production Economics
	Resource Economics

The programs of the Department of Agricultural and Applied Economics include:

- Undergraduate and Graduate Teaching
- Extension and Continuing Education
- Fundamental and Applied Research
- International Programs

Each faculty member engages in one or more of these complementary activities of the Department.

As a part of the educational program of the Department the faculty periodically publishes research results, papers and speeches. This portion of their work is indexed annually and catalogued so that it may be used as a reference for their projects and activities. This listing does not reflect all the educational research, teaching or extension endeavors of the faculty but only that portion that is in print.

Many of these writings are available free of charge. The instructions for ordering and ORDER BLANKS are given on the last page of this report.
