California Department of Food and Agriculture

Agricultural Commissioners' Crop Reports

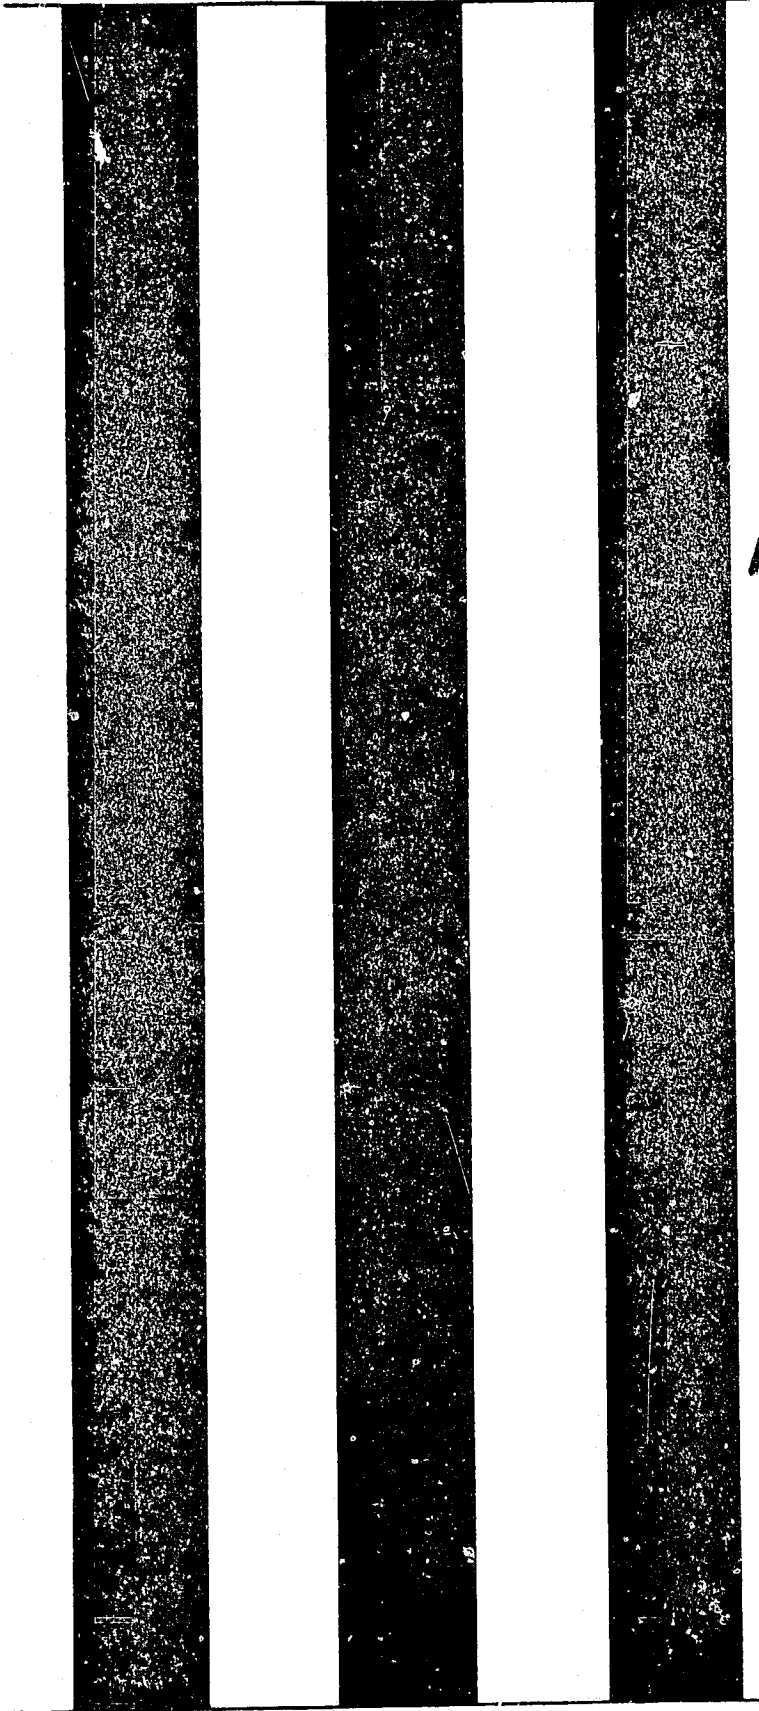

San Benito County

1959-1969

California County Agricultural Commissioners' Reports from the California Department of Food and Agriculture. This collection consists of annual crop and livestock data from each of the 58 California Counties. The collection covers 1915-1981; digitization of the rest of the collection is forthcoming.

This digitization project was funded by the Giannini Foundation of Agricultural Economics,
<http://giannini.ucop.edu/>.

The work was completed by the staff of the Giannini Foundation Library, University of California, Berkeley, <http://are.berkeley.edu/library/>. **Please contact the Library to consult the originals.**

Agricultural Crop Report - 1960

A San Benito County
Apricot Orchard

SAN BENITO COUNTY

ANNUAL CROP REPORT FOR SAN BENITO COUNTY

Year Ending December 31, 1959

William E. Warne, Director
State Department of Agriculture

and

The Honorable Board of Supervisors
San Benito County, California

In accordance with the requirements of Section 65.5 of the Agricultural Code of the State of California, I hereby submit a report of the acreage, production and value of the Agricultural Crops of San Benito County for the calendar year of 1959.

These figures are for gross income and do not represent net profit. Some of these crops were produced at very little profit or none at all.

I would also like to take this opportunity to thank the many growers, and handlers of agricultural products and personnel of other government agencies for their assistance in obtaining these figures.

Respectfully Submitted,

John H. Edmondson
Agricultural Commissioner

H. C. Doan
Agricultural Inspector

ANNUAL CROP REPORT

For San Benito County

Year Ending December 31, 1960

Charles Paul, Director
State Department of Agriculture

and

The Honorable Board of Supervisors
San Benito County, California

In accordance with the requirements of Section 65.5 of the Agricultural Code of the State of California, I hereby submit a report of the acreage, production and value of Agricultural Crops of San Benito County for the calendar year of 1960.

The category of Range and Pasture value was added this year at the request of the State Department of Agriculture in an effort to make the reports of all counties uniform. This new category accounts for quite a bit of the increase in value of our agricultural crops last year.

I must stress again this year that these figures represent gross value, not profit. In fact some of the crops were produced at a loss and others at very little profit to the producers.

I would also like to take this opportunity to thank the many growers and handlers of agricultural products and personnel of other government agencies for their assistance in obtaining these figures.

Respectfully Submitted,

John H. Edmondson
Agricultural Commissioner

ANNUAL CROP REPORT

For San Benito County

Year ending December 31, 1961

Charles Paul, Director
State Department of Agriculture

and

The Honorable Board of Supervisors
San Benito County, California

In accordance with the requirements of Section 65.5 of the Agricultural Code of the State of California, I hereby submit a report of the acreage, production and gross value of Agricultural Crops of San Benito County for the calendar year of 1961.

The county gross agricultural income for 1961 was down about \$1,800,000 from 1960. This was the result of a dry year, and especially hot summer and low prices for some crops.

I must stress again this year that these figures represent gross value, not profit. In fact some of the crops were produced at a loss and others at very little profit to the producers.

I would also like to take this opportunity to thank the many growers and handlers of agricultural products and personnel of other government agencies for their assistance in obtaining these figures.

Respectfully Submitted,

John H. Edmondson
Agricultural Commissioner

SAN BENITO COUNTY
AGRICULTURAL CROP REPORT

1962

John H. Edmondson, Agricultural Commissioner

ANNUAL CROP REPORT

For San Benito County

Year ending December 31, 1962

Charles Paul, Director
State Department of Agriculture

and

The Honorable Board of Supervisors
San Benito County, California

In accordance with the requirements of Section 65.5 of the Agricultural Code of the State of California, I hereby submit a report of the acreage, production and gross value of Agricultural Crops of San Benito County for the calendar year of 1962.

I must stress again this year that these figures represent gross value, not profit. In fact some of the crops were produced at a loss and others at very little profit to the producers.

I would also like to take this opportunity to thank the many growers and handlers of agricultural products and personnel of other government agencies for their assistance in obtaining these figures.

Respectfully submitted,

John H. Edmondson
Agricultural Commissioner

ANNUAL CROP REPORT

For San Benito County
Year Ending December 31, 1964

Charles Paul, Director
State Department of Agriculture

and

The Honorable Board of Supervisors
San Benito County, California

In accordance with the requirements of Section 65.5 of the Agricultural Code of the State of California, I hereby submit a report of the acreage, production and gross value of Agricultural Crops of San Benito County for the calendar year of 1964.

I must stress again this year that these figures represent gross value, not profit. In fact, some of the crops were produced at a loss and others at very little profit to the producers.

I would also like to take this opportunity to thank the many growers and handlers of agricultural products and personnel of other government agencies for their assistance in obtaining these figures.

Respectfully submitted,

John H. Edmondson
Agricultural Commissioner

ANNUAL CROP REPORT

For San Benito County

Year Ending December 31, 1965

Charles Paul, Director
State Department of Agriculture

and

The Honorable Board of Supervisors
San Benito County, California

In accordance with the requirements of Section 65.5 of the Agricultural Code of the State of California, I hereby submit a report of the acreage, production and gross value of Agricultural Crops of San Benito County for the calendar year of 1965.

I must stress again this year that these figures represent gross value, not profit. In fact, some of the crops were produced at a loss and others at very little profit to the producers.

I would also like to take this opportunity to thank the many growers and handlers of agricultural products and personnel of other government agencies for their assistance in obtaining these figures.

Respectfully submitted,

John H. Edmondson
Agricultural Commissioner

ANNUAL CROP REPORT

FOR SAN BENITO COUNTY

Year ending December 31, 1966

Earl Coke, Director
State Department of Agriculture

and

The Honorable Board of Supervisors
San Benito County, California

In accordance with the requirements of Section 65.5 of the Agricultural Code of the State of California, I hereby submit a report of the acreage, production and gross value of Agricultural Crops of San Benito County for the calendar year of 1966.

I must stress again this year that these figures represent gross value, not profit. In fact, some of the crops were produced at a loss and others at very little profit to the producers.

I would also like to take this opportunity to thank the many growers and handlers of agricultural products and personnel of other government agencies for their assistance in obtaining these figures.

Respectfully submitted,

John H. Edmondson
Agricultural Commissioner

ANNUAL CROP REPORT

FOR SAN BENITO COUNTY

Year ending December 31, 1967

Earl Coke, Director
State Department of Agriculture

and

The Honorable Board of Supervisors
San Benito County, California

In accordance with the requirements of Section 65.5 of the Agricultural Code of the State of California, I hereby submit a report of the acreage, production and gross value of Agricultural Crops of San Benito County for the calendar year of 1967.

I must stress again this year that these figures represent gross value, not profit. In fact, some of the crops were produced at a loss and others at very little profit to the producers.

I would also like to take this opportunity to thank the many growers and handlers of agricultural products and personnel of other government agencies for their assistance in obtaining these figures.

Respectfully submitted,

John H. Edmondson
Agricultural Commissioner

The Honorable Board of Supervisors
San Benito County, California

In accordance with the requirements of Section 65.5 of the Agricultural Code of the State of California, I hereby submit a report of the acreage, production and gross value of Agricultural Crops of San Benito County for the calendar year of 1968.

I must stress again this year that these figures represent gross value, not profit. In fact, some of the crops were produced at a loss and others at very little profit to the producers.

I would also like to take this opportunity to thank the many growers and handlers of agricultural products and personnel of other government agencies for their assistance in obtaining these figures.

Respectfully submitted,

John H. Edmondson
Agricultural Commissioner

ANNUAL C P C P R E P O R T

FOR SAN BENITO COUNTY

Year ending December 31, 1969

Jerry Fielder, Director
State Department of Agriculture

and

The Honorable Board of Supervisors
San Benito County, California

In accordance with the requirements of Section 2279 of the Agricultural Code of the State of California, I hereby submit a report of the acreage, production and gross value of Agricultural Crops of San Benito County for the calendar year of 1969.

I must stress again this year that these figures represent gross value, not profit. In fact, some of the crops were produced at a loss and others at very little profit to the producers. Because of our policy of not publishing specific figures for crops where there are less than three growers, without these growers consent, we are beginning to have larger acreages and values in miscellaneous crops.

I would also like to take this opportunity to thank the many growers and handlers of agricultural products and personnel of other government agencies for their assistance in obtaining these figures.

Respectfully submitted,

John H. Edmondson
Agricultural Commissioner
